SAMBUTAN PIMPINAN PUSAT MAJELIS ULAMA INDONESIA

Assalamu'alaikum Wr. Wb.

As the largest Muslim population, Indonesia has enormous potential in the trade of halal products. Therefore, serious efforts from all parties must be carried out so that we can optimally utilize this potential.

The government's stance, perspective, and policies in the development of national halal products have been emphasized numerous times by the Vice President of the Republic of Indonesia, KH. Ma'ruf Amin, on various occasions. The important pillar that we must pay attention to the halal certification quality improvement of products and services.

Given that the halal issue has a very broad dimension, the successful development of halal products in Indonesia also needs the full support from all stakeholders, including government agencies as regulators, business actors, and academics until the Halal Inspection Body.

Inter-institutions and all stakeholders' collaboration in the halal sector is a necessity. In the near future, Indonesia will enter the mandatory halal certificate phase, specifically for food products, beverages, and other products related to this.

The stipulations that have been determined by the Law on Halal Product Assurance (UU JPH) actually not only imply an but also serve as an encouragement so that we can fill the niche market of the halal product, both at the national and international levels.

Assalamu'alaikum Wr. Wb.

Sebagai negara dengan populasi muslim terbesar, Indonesia memiliki potensi yang sangat besar di bidang perdagangan produk halal. Untuk itu *ikhtiar* yang sungguh-sungguh dari semua pihak harus dilakukan agar kita dapat memanfaatkan potensi tersebut secara optimal.

Sikap, pandangan dan kebijakan pemerintah dalam pengembangan produk halal nasional sudah ditegaskan berkali-kali oleh Wakil Presiden RI, KH. Ma'ruf Amin dalam berbagai kesempatan. Pilar penting yang harus kita perhatikan adalah peningkatan kualitas produk dan layanan sertifikasi halal.

Mengingat masalah halal memiliki dimensi yang sangat luas, maka keberhasilan pengembangan produk halal di Indonesia juga perlu mendapat dukungan penuh dari seluruh pemangku kepentingan, baik instansi pemerintah selaku regulator, pelaku usaha, akademisi hingga Lembaga Pemeriksa Halal (LPH).

Kolaborasi antarlembaga dan seluruh pemangku kepentingan di bidang halal menjadi sebuah keharusan. Sebab, dalam waktu dekat Indonesia akan memasuki fase wajib sertifikat halal, khusus bagi produk makanan, minuman dan produk lain yang berkaitan dengan hal tersebut.

Ketentuan yang telah ditetapkan oleh Undang-Undang Jaminan Produk Hal (UU JPH) tersebut sejatinya tidak hanya mengandung dimensi kewajiban, namun juga menjadi pemacu semangat agar kita dapat mengisi ceruk pasar produk halal, baik di tingkat nasional maupun internasional.

THE ASSESSMENT INSTITUTE FOR FOODS, DRUGS, AND COSMETICS INDONESIAN COUNCIL OF ULAMA (LPPOM MUI), THE MUI CENTRAL BOARD HOPES TO CONTINUE IMPROVING ITS ROLE AND CONTRIBUTION IN THE SECTOR OF HALAL CERTIFICATION SERVICES.

KEPADA LEMBAGA PEMERIKSA HALAL LPPOM MUI, PIMPINAN PUSAT MUI MENGHARAPKAN AGAR DAPAT TERUS MENINGKATKAN PERAN DAN KONTRIBUSINYA DI BIDANG LAYANAN SERTIFIKASI HALAL.

Gradually, the halal industry has become a new business sector in the realm of global trade. Such business is not only appealing to business actors from Muslim countries but also to secular countries even countries where the majority of the population is non-Muslim.

For example, Thailand has positioned itself as the world's halal kitchen. Meanwhile, South Korea is striving to develop halal products to support halal tourism globally. Other countries, such as Japan, have also encouraged themselves with tourism and culinary.

The stipulations that have been determined by the Law on Halal Product Guarantee (UUJPH) actually not only imply a dimension of obligation but also serve as an encouragement so that we can fill the niche market of the halal product, both at the national and international levels.

The Central Boards of MUI hopes that LPPOM MUI as the Halal Inspection Body to continue improving its role and contribution in the sector of halal certification services. In addition to providing halal certification services, LPPOM MUI's involvement in halal education and socialization through various activities is expected to be extended further. This includes the publication of the LPPOM MUI Halal Directory 2024 book, which is published on a yearly basis.

Hopefully this book will bring benefits to all of us. We hope that all the efforts we make in the halal certification service sector will be blessed by Allah SWT. Aamiiin yaa robbal alamiin...

CENTRAL BOARD
INDONESIAN COUNCIL OF ULAMA

Dr. H. Anwar Abbas, M.M., M.Ag
Vice Chairman

Seperti diketahui, perlahan tapi pasti, industri halal telah menjadi lahan bisnis baru di ranah perdagangan global. Bisnis ini tidak saja menarik bagi kalangan pelaku usaha dari negara-negara muslim, namun juga diminati oleh negara-negara sekuler atau negara yang mayoritas penduduknya bukan pemeluk Islam.

Sebagai contoh, Thailand telah menempatkan negaranya sebagai dapur halal dunia. Sedangkan Korea Selatan bertekad untuk melakukan pengembangan produk halal sebagai penopang pariwisata halal secara global. Negara-negara lain seperti Jepang juga sudah memacu dirinya dengan pariwisata dan kuliner.

Dalam hal ini Majelis Ulama Indonesia (MUI) mengapresiasi semua pihak yang telah turut aktif menyukseskan program pemerintah dalam mengejar target wajib sertifikat halal 2024, sekaligus mengharapkan agar segala ikhtiar yang telah dilakukan dapat lebih ditingkatkan lagi. Kita percaya, dengan kerja sama yang baik dari semua pihak, berbagai potensi bisnis halal nasional akan dapat bersaing dan berkompetisi dengan baik di pasar internasional.

Kepada Lembaga Pemeriksa Halal LPPOM MUI, Pimpinan Pusat MUI mengharapkan agar dapat terus meningkatkan peran dan kontribusinya di bidang layanan sertifikasi halal. Selain memberikan layanan sertifikasi halal, peran edukasi dan sosialisasi halal yang selama ini telah dijalankan oleh LPPOM MUI melalui berbagai kegiatan, juga diharapkan akan dapat terus ditingkatkan. Termasuk melalui penerbitan buku *LPPOM MUI Halal Directory 2024*, yang diterbitkan secara rutin setiap tahun.

Semoga buku ini mendatangkan manfaat bagi kita semua. Kita berharap, kiranya semua *ikhtiar* yang kita lakukan di bidang layanan sertifikasi halal mendapat ridho dari Allah SWT. *Aamiiin yaa robbal alamiin…*

SAMBUTAN DIREKTUR UTAMA LPPOM MUI

Assalamu'alaikum wr. wb.

The Assessment Institute for Foods, Drugs, and Cosmetics Indonesian Council of Ulama (LPPOM MUI) has been working to advance the halal industry in Indonesia for 35 years. It was certainly not an easy task to begin with. Starting from raising public awareness of the importance of halal consumption, creating halal assurance system criteria, gradually building various supporting facilities, then pioneering the online certification system that is used to this day, as well as various innovations and adaptations that have not stopped.

One of the factors that prompted LPPOM MUI to make many positive changes was the passage of Law Number 33 of 2014 concerning Halal Product Guarantee (JPH Law). This regulation emphasizes that all products imported, circulated, and traded on Indonesian territory must be halal certified. This provision is effective on 17 October 2019, five years after the JPH Law was enacted on 17 October 2014. Given the wide range of products covered by Halal Product Assurance, the government requires that mandatory halal provisions be implemented in stages. In the first stage, this obligation applies to food and beverage product which is effective on 17 October 2024.

The government through the Halal Product Assurance Organizing Body (BPJPH) has taken various steps to accelerate the achievement of these targets. Of course, these efforts are not only the duties

Assalamu'alaikum wr. wb.

Genap 35 tahun sudah Lembaga Pengkajian Pangan, Obat-obatan, dan Kosmetika Majelis Ulama Indonesia (LPPOM MUI) mengabdi untuk kemajuan industri halal di Indonesia. Tentu bukanlah hal yang mudah untuk memulai semuanya. Berawal dari membangun kesadaran masyarakat akan pentingnya konsumsi halal, membuat kriteria sistem jaminan halal, perlahan merangkak membangun berbagai fasilitas pendukung, kemudian merintis sistem sertifikasi *online* yang digunakan hingga kini, serta berbagai inovasi dan adaptasi yang tak pernah berhenti.

Salah satu hal yang membuat LPPOM MUI banyak melakukan perubahan ke arah yang lebih baik, yaitu lahirnya Undang-Undang Nomor 33 Tahun 2014 tentang Jaminan Produk Halal (UU JPH). Regulasi ini menegaskan bahwa produk yang masuk, beredar, dan diperdagangkan di wilayah Indonesia wajib bersertifikat halal. Ketentuan tersebut berlaku efektif lima tahun setelah UU JPH diundangkan sejak 17 Oktober 2014, tepatnya 17 Oktober 2019. Mengingat cakupan produk dalam Jaminan Produk Halal sangatlah luas, maka pemerintah menetapkan bahwa ketentuan wajib halal dilakukan secara bertahap. Tahap pertama, kewajiban ini diberlakukan kepada produk makanan dan minuman yang berlaku efektif pada 17 Oktober 2024.

Pemerintah melalui Badan Penyelenggara Jaminan Produk Halal (BPJPH) telah melakukan berbagai langkah untuk mengakselerasi capaian target tersebut. Ikhtiar tersebut tentu saja tidak hanya

IN LINE WITH THIS, LPPOM MUI AS AN INSTITUTION THAT HAS SERVED IN THE HALAL FIELD FOR 35 YEARS, ALSO NEEDS TO INCREASE ITS ROLE AND CONTRIBUTION IN PURSUING THE MANDATORY 2024 HALAL CERTIFICATE DEADLINE.

SEJALAN DENGAN HAL TERSEBUT, LPPOM MUI SEBAGAI LEMBAGA YANG TELAH 35 TAHUN BERKHIDMAT DI BIDANG HALAL, JUGA PERLU MENINGKATKAN PERAN DAN KONTRIBUSINYA DALAM MENGEJAR TENGGAT WAJIB SERTIFIKAT HALAL 2024 TERSEBUT.

and responsibilities of the government. All stakeholders in the halal sector who have been involved in providing education and facilitation in the halal sector are expected to continue to increase their role and contribution.

In line with this, LPPOM MUI as an institution that has served in the halal field for 35 years, also needs to increase its role and contribution in pursuing the mandatory 2024 halal certificate deadline. LPPOM MUI also assists the government in achieving the deadline target by actively contributing to becoming a Halal Inspection Body (LPH) with the most business actors in BPJPH for regular channels.

To enhance this role, LPPOM MUI has made several efforts, including in the fields of human resources, infrastructure reinforcement, and technology utilization. With the support of these three main pillars, LPPOM MUI continues to improve its services in the field of halal certification.

In human resources, LPPOM MUI has conducted a recruitment program for qualified and competent auditors and staff. More than 1.000 auditors with various competencies and language expertise are spread across 34 provinces in Indonesia. This makes us the largest LPH both in Indonesia and in the world. This certainly makes it easier for every business actor who wants to carry out halal certification in their respective regions.

In terms of infrastructure, LPPOM MUI is supported by the presence of a halal laboratory, which is an important pillar in the examination of halal products, which also been accredited by competent institutions. In 2016, the laboratory received the SNI ISO/IEC 17025 Accreditation Certificate: 2008 for Halal Laboratory. The Emirates Authority for Standardization and Metrology (ESMA) has accredited LPPOM MUI with SNI ISO / IEC 17065: 2012 in 2018 and UAE standard 2055: 2-2016, making it easier for Indonesian businesses to expand into the United Arab Emirates (UAE). This institution has also been recognized by the Ministry of Public Health of the

menjadi tugas dan tanggung jawab pemerintah. Seluruh pemangku kepentingan di bidang halal yang selama ini ikut serta dalam memberikan edukasi dan fasilitasi di bidang halal, diharapkan dapat terus meningkatkan peran dan kontribusinya.

Sejalan dengan hal tersebut, LPPOM MUI sebagai lembaga yang telah 35 tahun berkhidmat di bidang halal, juga perlu meningkatkan peran dan kontribusinya dalam mengejar tenggat wajib sertifikat halal 2024 tersebut. LPPOM MUI turut membantu pemerintah terkait keberhasilan pencapaian target batas waktu tersebut dengan berkontribusi aktif menjadi Lembaga Pemeriksa Halal (LPH) dengan pelaku usaha terbanyak di BPJPH untuk jalur reguler.

Untuk meningkatkan peran tersebut LPPOM MUI telah melakukan beberapa penguatan, antara lain di bidang sumber daya manusia, penguatan infrastruktur serta pemanfaatan teknologi. Dengan dukungan tiga pilar utama tersebut, LPPOM MUI terus meningkatkan pelayanannya di bidang sertifikasi halal.

Di bidang sumber daya manusia, LPPOM MUI telah melakukan program rekrutmen bagi auditor dan staf berkualitas dan kompeten. Lebih dari 1.000 auditor dengan beragam kompetensi dan keahlian bahasa tersebar di 34 provinsi di Indonesia. Hal ini menjadikan kami sebagai LPH terbesar baik di Indonesia maupun ditingkat dunia. Tentu hal ini memudahkan setiap pelaku usaha yang ingin melakukan sertifikasi halal di daerahnya masing-masing.

Dari sisi infrastruktur, LPPOM MUI telah didukung oleh keberadaan laboratorium halal yang menjadi pilar penting dalam pemeriksaan kehalalan produk juga telah diakreditasi oleh lembaga yang berkompeten. Laboratorium ini telah memperoleh Sertifikat Akreditasi SNI ISO / IEC 17025: 2008 untuk Laboratorium Halal pada 2016. Sedangkan untuk lembaganya sendiri, LPPOM MUI telah terakreditasi SNI ISO / IEC 17065: 2012 pada 2018 dan standar UAE 2055:2-2016 oleh Emirates Authority for Standardization and Metrology (ESMA) yang memudahkan pelaku usaha Indonesia memperluas pasar ke United Arab Emirates (UAE). Lembaga ini juga sudah diakui oleh

State of Qatar. This is our commitment to strengthen domestic businesses to compete internationally through halal trade.

Finally LPPOM MUI has implemented a technological innovation in the entire halal certification process by implementing an online system. All confidential company documents are securely stored in the system. In addition, companies can also monitor the halal certification process of their products anywhere and anytime. Meanwhile, from the consumer side, LPPOM MUI also provides a Halal Product Check platform on the website www.halalmui.org and the HalalMUI application, which can be downloaded at Playstore. This application is to facilitate the public, as consumers, in checking the halalness of the products they will consume.

Ministry of Public Health, State of Qatar. Hal ini sebagai komitmen kami untuk memperkuat pelaku usaha dalam negeri untuk bersaing di dunia internasional lewat perdagangan halal.

Yang ketiga, LPPOM MUI telah melakukan inovasi teknologi dengan menerapkan sistem *online* dalam seluruh proses sertifikasi halal. Seluruh dokumen perusahaan yang sifatnya rahasia telah aman tersimpan dalam sistem tersebut. Selain itu, perusahaan juga dapat memantau proses sertifikasi halal produknya di mana pun dan kapan pun berada. Sementara dari sisi konsumen, LPPOM MUI juga menyediakan platform Cek Produk Halal di website www.halalmui.org dan aplikasi HalalMUI yang bisa diunduh di Playstore. Aplikasi ini untuk memudahkan masyarakat selaku konsumen dalam mengecek kehalalan produk yang akan mereka konsumsi.

ALL OF THESE ARE LPPOM MUI'S COMMITMENTS TO CONTINUE SERVING THE PEOPLE WHILE MAINTAINING INTEGRITY.

SELURUH HAL INI MERUPAKAN BENTUK KOMITMEN LPPOM MUI UNTUK TERUS MELAYANI UMAT DAN MENJAGA INTEGRITAS.

LPPOM MUI also actively organizes halal education and socialization through various activities. The Shawal Festival is one of them. It is an annual routine program that is intended as one of LPPOM MUI's initiatives in providing guidance and education on halal certification through various activities.

This program is expected to raise the enthusiasm of halal sector business actors to improve their quality and meet the demands of an expanding halal product market. Consumers, as the final determinant in the distribution process of halal products, are also becoming more educated in product selection and will only purchase products that have been certified as halal.

All of these are LPPOM MUI's commitments to continue serving the people while maintaining integrity. Nevertheless, LPPOM MUI organizes many other programs to provide the best service to the community, including the annual publication of the LPPOM MUI Halal Directory 2024 book.

Hopefully, this book will bring benefits to all of us, and all the efforts we make will be blessed by Allah SWT. Aamiiin ya Robbal alamiiin.

Di luar itu, LPPOM MUI juga aktif menyelenggarakan edukasi dan sosialiasi halal melalui berbagai kegiatan. Salah satunya adalah penyelenggaraan Festival Syawal, berupa program rutin tahunan yang dimaksudkan sebagai salah satu ikhtiar LPPOM MUI dalam memberikan bimbingan dan edukasi tentang sertifikasi halal, melalui berbagai kegiatan.

Program ini diharapkan semakin membangkitkan semangat para pelaku usaha di bidang halal untuk meningkatkan kualitasnya dan mampu memenuhi tuntutan pasar produk halal yang semakin besar. Konsumen sebagai penentu akhir dalam proses distribusi produk halal juga semakin dicerdaskan dalam memilih produk dan hanya akan memilih produk yang telah terjamin kehalalannya.

Seluruh hal ini merupakan bentuk komitmen LPPOM MUI untuk terus melayani umat dan menjaga integritas. Tentu masih banyak program lain yang diselenggarakan oleh LPPOM MUI dalam rangka memberikan pelayanan terbaik kepada masyarakat, termasuk penerbitan buku *LPPOM MUI Halal Directory 2024* yang secara rutin diterbitkan setiap tahun.

Semoga buku ini memberi manfaat bagi kita semua, dan segala ihtiar yang kita lakukan mendapat ridho dari Allah Swt. *Aamiiin ya Robbal alamiiin.*

MICRO AND SMALL BUSINESS SUPPORT
PEDULI USAHA MIKRO DAN KECIL

Business in Indonesia are dominated by Micro and Small Enterprises (SMEs), which account for 98.68% of all business in the country. SMEs play an important role in boosting the national economy. One challenge that business actors must be able to handle is the requirement for mandatory halal certification and halal products.

As one of the leading Halal Inspection Body (LPH) in Indonesia, LPPOM MUI has an important role in fostering and inspecting the halalness of MSE products. Not only LPPOM MUI, but all government, BUMN, and private parties play an important role in supporting SMEs in Indonesia.

Therefore, LPPOM MUI makes various efforts to help business actors carry out halal certification. Every year, LPPOM MUI organizes the Shawwal Festival independently. Furthermore, LPPOM MUI works with government agencies, BUMN, BUMD, and the private sector to provide SMEs with free halal certification financing.

SHAWWAL FESTIVAL

Shawwal Festival is an annual program of LPPOM MUI that focuses on facilitating halal certification for SMEs as part of LPPOM MUI's commitment to continue assisting the government in increasing the number of Indonesian halal product production, which is expected to compete globally. The following are the program's:

- LPPOM MUI's concern for SMEs to increase product competitiveness and added value.
- LPPOM MUI's commitment to continue supporting the government's efforts to increase the production of halal products in Indonesia, which are expected to compete globally.
- The commitment of LPPOM MUI to share technical knowledge of halal product assurance and the minimum requirements that SMEs must meet in order to be guaranteed halal and obtain halal certificates.

Shawwal Festival 1442 H

In total, 3.166 SMEs have participate in this program, with 644 of them receiving halal certification facilitation. LPH LPPOM MUI also provided technical guidance to 1.811 MSE actors as part of this program.

Pelaku usaha di Indonesia didominasi oleh skala Usaha Mikro dan Kecil (UMK), yaitu sebesar 98,68% dari jumlah pelaku usaha di Indonesia. Peran UMK dalam memperkuat ekonomi nasional sangatlah besar. Tantangan wajib sertifikasi halal serta kebutuhan produk halal menjadi satu hal yang harus mampu diatasi pelaku usaha.

LPPOM MUI sebagai salah satu Lembaga Pemeriksa Halal (LPH) terdepan di Indonesia memiliki peranan penting dalam membina dan memeriksa kehalalan produk UMK. Tidak hanya LPPOM MUI, seluruh pihak baik dari Pemerintahan, BUMN, maupun Swasta juga memiliki peranan besar dalam mendukung UMK di Indonesia.

Oleh karena itu, LPPOM MUI melakukan berbagai upaya untuk membantu pelaku usaha melakukan sertifikasi halal. Secara mandiri, LPPOM MUI menyelenggarakan Festival Syawal secara reguler setiap tahun. Di samping itu, LPPOM MUI juga bekerja sama dengan instansi pemerintah, BUMN, BUMD, dan swasta untuk memberikan pembiayaan sertifikasi halal gratis bagi UMK.

FESTIVAL SYAWAL

Festival Syawal merupakan program tahunan LPPOM MUI yang berfokus dalam fasilitasi sertifikasi halal pelaku UMK sebagai bentuk komitmen LPPOM MUI untuk terus mendukung pemerintah dalam meningkatkan jumlah produksi produk halal Indonesia, yang diharapkan kelak dapat bersaing hingga ke kancah global. Tujuan dilangsungkannya program ini, diantaranya:

- Bentuk kepedulian LPPOM MUI kepada UMK untuk meningkatkan daya saing dan nilai tambah produk.
- Bentuk komitmen LPPOM MUI untuk terus mendukung upaya pemerintah dalam meningkatkan jumlah produksi produk halal Indonesia, yang diharapkan dapat bersaing ke kancah global.
- Komitmen LPPOM MUI untuk berbagi pengetahuan teknis penjaminan produk halal dan persyaratan minimal yang harus dipenuhi oleh para UMK agar terjamin kehalalannya dan mendapatkan sertifikat halal.

Sejumlah 3.166 pelaku UMK telah mendaftarkan usahanya dalam program ini, 644 diantaranya telah lolos mendapatkan fasilitasi sertifikasi halal. Selain itu, dalam program ini, LPH LPPOM MUI juga memberikan bimbingan teknis kepada 1.811 pelaku UMK.

Kegiatan berupa fasilitasi sertifikasi halal gratis dan bimbingan teknis kepada sejumlah UMK terpilih dari seluruh provinsi di Indonesia, webinar seputar sertifikasi halal untuk masyarakat umum, serta *training of trainer* (ToT) kepada sejumlah kader dakwah halal dari kalangan komunitas dan *halal influencer*. Total sejumlah 3.304 UMK mendapat Bimbingan Teknis pada Festival Syawal tahun ini.

Shawwal Festival 1444 H

According to KNEKS research conducted in collaboration with the Halal Science Center IPB in 2021, 85% of slaughterhouses/poultry (RPH/ U) do not yet have halal certificates. Of course, this can be a significant barrier for Indonesia, which aims to certify 10 million halal products. As part of its support for the government program, LPPOM MUI provides free halal certification facilitation to 34 slaughterhouses in 34 Indonesian provinces.

Festival Syawal 1444 H

Riset KNEKS bersama Halal Science Center IPB pada tahun 2021 menunjukkan bahwa 85% Rumah Potong Hewan/Unggas (RPH/U) belum memiliki sertifikat halal. Tentu ini bisa menjadi hambatan besar bagi Indonesia yang bercita-cita melakukan sertifikasi 10 juta produk halal. Sebagai dukungan terhadap program Pemerintah, LPPOM MUI memberikan fasilitasi sertifikasi halal gratis kepada 34 RPH/U di 34 provinsi di Indonesia.

COOPERATION IN FACILITATING MSE HALAL CERTIFICATION 2023

THE DURATION OF HALAL PRODUCT AUDIT PROCESS
LAMA PROSES PEMERIKSAAN/PENGUJIAN KEHALALAN PRODUK

The duration of time for halal certification has been specified by the government in Government Regulation (PP) Number 39 of 2014 concerning the Implementation of Halal Product Assurance. Articles 72 and 73 state that halal audit for domestically manufactured items must be completed within 15 days of the Halal Product Assurance Organizing Body (BPJPH) issuing the LPH determination, with a maximum extension duration of 10 days. For international products, the period is 15 days, with a 15-day extension.

In other words, the maximum audit duration for domestic is 25 days, and maximum of 30 days for international. While currently at LPPOM MUI, the average time for completing audit is 18 working days, which is domestic for 17 working days and overseas for 21 working days. This time length has increased significantly compared to 2022, which is for domestic 28 days and overseas for 29 days. This is less than the time set by the government.

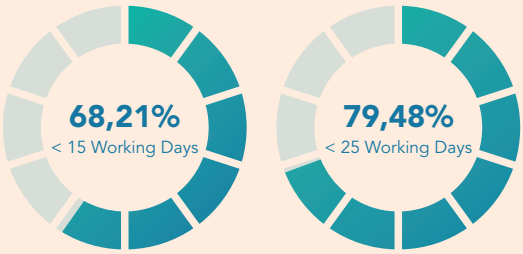

Pemerintah sudah mengatur lama waktu sertifikasi halal dalam Peraturan Pemerintah (PP) Nomor 39 Tahun 2014 tentang Penyelenggaraan Jaminan Produk Halal. Pada Pasal 72 dan 73 disebutkan bahwa pemeriksaan dan/atau pengujian kehalalan untuk produk yang diproduksi di dalam negeri dilakukan selama 15 hari sejak penetapan LPH diterbitkan oleh Badan Penyelenggara Jaminan Produk Halal (BPJPH), dengan maksimal waktu perpanjangan 10 hari. Sedangkan untuk produk luar negeri selama 15 hari, dengan waktu perpanjangan 15 hari.

Artinya, waktu pemeriksaan dan/atau pengujian kehalalan dalam negeri maksimal 25 hari dan luar negeri maksimal 30 hari. Sementara di LPPOM MUI, saat ini rata-rata waktu penyelesaian pemeriksaan dan/atau pengujian kehalalan selama 18 hari kerja, yakni dalam negeri selama 17 hari kerja dan luar negeri selama 21 hari kerja. Lama waktu ini naik signifikan dibandingkan tahun 2022, yakni untuk dalam negeri 28 hari dan luar negeri selama 29 hari. Hal ini masih di bawah waktu yang sudah diatur pemerintah.

3. JUMLAH PRODUK BERSERTIFIKAT HALAL SAAT INI

- Berdasarkan data BPJPH, saat ini tercatat sebanyak 3.057.124 produk yang telah tersertifikasi halal.[1]
- Dari data tersebut, BPJPH memperkirakan, setiap tahunnya akan ada 250 ribu produk yang bakal memperoleh sertifikat halal.
- Apabila data-data di atas dijadikan pedoman, maka penambahan produk sertifikat halal pada tahun 2024 sekitar 1 juta hingga 2 juta.
- Sementara jumlah pelaku usaha di sektor Usaha Menengah Kecil dan Mikro (UMKM) yang belum memperoleh layanan sertifikasi halal mencapai lebih dari 60 juta pelaku usaha.

4. UPAYA PEMERINTAH MENGEJAR TARGET WAJIB SERTIFIKAT HALAL 2024

- Untuk mencapai target tersebut, pemerintah, dalam hal ini Badan Penyelenggara Jaminan Produk Halal (BPJPH) telah didukung oleh 64 Lembaga Pemeriksa Halal (LPH) terdaftar yang tersebar di seluruh Indonesia untuk membantu pelaku usaha dalam proses sertifikasi halal.[2]
- Akselerasi sertifikasi halal. Pemerintah menyelenggarakan program akselerasi sertifikasi halal bagi Usaha Kecil dan Mikro (UKM), memberikan pelatihan, memperkuat kemitraan dengan kementerian dan lembaga, memberikan fasilitasi sertifikasi halal, hingga menyiapkan anggaran untuk pembiayaan sertifikasi halal melalui jalur pernyataan halal secara mandiri *atau self declare*.[3]

5. KOMITMEN KOMISI FATWA MUI

- Komisi Fatwa Majelis Ulama Indonesia (KF-MUI) selaku lembaga yang memberikan fatwa berkomitmen untuk menyukseskan program akselerasi capaian target wajib sertifikat halal 2024.
- Dukungan tersebut antara lain diwujudkan dalam bentuk kesiapan Komisi Fatwa MUI dalam membahas setiap pengajuan atau permohonan fatwa halal.
- Saat ini kapasitas Komisi Fatwa MUI Pusat mencapat 5,04 juta produk per tahun. Itu belum termasuk di MUI provinsi sebanyak 30 juta permohonan dan MUI kabupaten/kota sebanyak 72 juta permohonan.[4]

6. KOMITMEN DUKUNGAN LPPOM MUI

- LPPOM MUI) menegaskan komitmen untuk turut menyukseskan program percepatan layanan sertifikasi halal sesuai amanat Peraturan Pemerintah (PP) Nomor 39 Tahun 2014 tentang Penyelenggaraan Jaminan Produk Halal.
- LPPOM MUI berpendapat, proses sertifikasi halal tidak boleh dilakukan secara sembarangan. Standar halal tidak boleh berkurang, karena halal harus seratus persen halal.[5] **(5)**.

- This must be carried out to protect the rights of Muslim consumers who must get products that are assured of their halalness.

- Hal tersebut harus dilakukan untuk melindungi hak konsumen muslim yang harus mendapatkan produk yang terjamin kehalalannya.

7. THE READINESS OF HUMAN RESOURCES AND INFRASTRUCTURE OF LPPOM MUI

- In carrying out its duties as a Halal Inspection Body (LPH), LPPOM MUI continues to strengthen three important pillars in the field of halal certification services, such as competent auditors, accredited laboratories, and an online service system, CEROL-SS23000.
- Currently the number of LPPOM MUI auditors is 1.800 people from various educational backgrounds. They have Bachelor (S-1), Master (S-2), Doctor (S-3), and some of them hold professors' degrees in food technology, chemistry, biochemistry, industrial technology, biology, and pharmacy. Some of these auditors already have a Halal Auditor Professional Work Competency Certificate from the National Professional Certification Agency (BNSP).
- To support halal certification registration services, LPPOM MUI has long implemented digital-based services through the CEROL-SS23000 application.
- Since 2016, the LPPOM MUI Laboratory has received accreditation recognition from the National Accreditation Committee (NAC) SNI ISO / IEC 17025: 2017 for International Testing Laboratory. (***)

7. KESIAPAN SDM DAN INFTRASTUKTUR LPPOM MUI

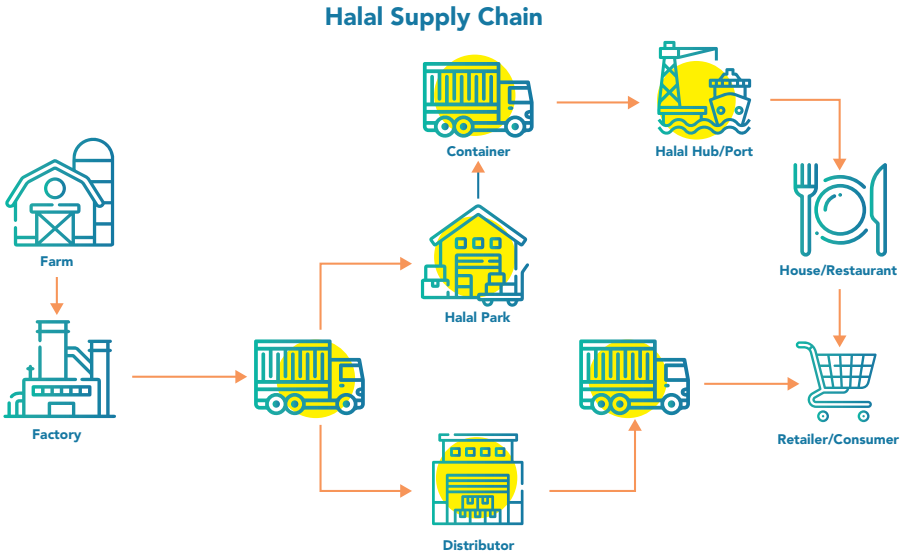

- Dalam melaksanakan tugasnya sebagai Lembaga Pemeriksa Halal (LPH), LPPOM MUI terus melakukan penguatan atas tiga pilar penting di bidang layanan sertifikasi halal, yakni auditor yang kompeten, laboratorium yang telah diakreditasi, serta sistem pelayanan secara online yakni CEROL-SS23000.
- Saat ini jumlah auditor LPPOM MUI sebanyak 1.800 orang dari berbagai latar belakang pendidikan. Mereka meraih jenjang pendidikan Sarjana (S-1), Master (S-2), Doktor (S-3), bahkan beberapa diantaranya bergelar profesor (Guru Besar) di bidang teknologi pangan, kimia, biokimia, teknologi industri, biologi, farmasi. Sebagian diantara auditor tersebut telah mempunyai Sertifikat Kompetensi Kerja Profesi Auditor Halal dari Badan Nasional Sertifikasi Profesi (BNSP).
- Untuk mendukung layanan pendaftaran sertifikasi halal, LPPOM MUI telah lama menerapkan layanan berbasis digital melalui aplikasi CEROL-SS23000.
- Sejak tahun 2016, Laboratorium LPPOM MUI telah mendapatkan pengakuan akreditasi dari Komite Akreditasi Nasional (KAN) SNI ISO/IEC 17025 : 2017 untuk International Testing Laboratory. (***)

THE ROLE OF HALAL LOGISTICS IN THE HALAL PRODUCT SUPPLY CHAIN

- The existence of halal logistics is not explicitly mentioned as a sector that must be halal certified, either in the Halal Product Assurance Law or its implementing regulations.
- However, in the halal industry, logistics is the process of handling the flow of materials or products through the supply chain in accordance with halal standards, as the entire process of handling halal materials/products must be free from *najis* that can contaminate halal materials/products.[6]
- The scope of halal logistics includes warehousing, transportation, distribution, and production facilities.
- The potential for halal logistics is enormous, therefore the halal logistics industry sector in Indonesia needs to be optimally strengthened and developed.
- The immense potential for the economic value of halal logistics can be seen from the increasing growth of the world's Muslim population. The global Muslim population is predicted to grow by an average of 1,5 percent per year while the non-Muslim population grows by 0,7 percent per year.
- To realize a halal supply chain in Indonesia, LPPOM MUI as a Halal Inspection Body (LPH) has prepared various programs to facilitate business practitioners to carry out halal certification, especially in the field of logistics. Starting from services, the CEROL-SS23000 online certification system, and many more.
- As of now, 48 logistics companies in Indonesia have successfully obtained halal certificates for their services encompassing packaging, storage, and distribution activities.
- Out of the 48 logistics companies, the majority are currently located on the island of Java, with only a limited number operating outside Java.[7]
- There must be a mutual awareness of the importance of adequate halal logistics facilities because this is a government initiative mandated by law, No: 33 of 2014 concerning Halal Assurance. (***)

PERAN LOGISTIK HALAL DALAM RANTAI PASOK PRODUK HALAL

- Keberadaan logistik halal tidak secara tegas disebut sebagai sektor yang wajib bersertifikat halal, baik di dalam UU Jaminan Produk Halal maupun aturan pelaksanaannya.
- Namun dalam industri halal, logistik merupakan proses penanganan arus bahan atau produk melalui rantai pasokan yang sesuai dengan standar halal, karena seluruh proses penanganan bahan/produk halal harus terbebas dari najis yang dapat mengontaminasi bahan/produk halal.[6]
- Ruang lingkup logistik halal mencakup pergudangan, transportasi, distribusi, dan fasilitas produksi.
- Potensi logistik halal sangat besar, oleh karena itu sektor industri logistik halal di Indonesia perlu diperkuat dan dikembangkan secara optimal.
- Besarnya potensi nilai ekonomi dari logistik halal dapat dilihat dari semakin meningkatnya pertumbuhan populasi muslim dunia. Populasi muslim global diramalkan tumbuh rata-rata 1,5 persen per tahun sedangkan populasi non-Muslim tumbuh 0,7 persen per tahun.
- Untuk mewujudkan rantai pasok yang halal di Indonesia, LPPOM MUI sebagai Lembaga Pemeriksa Halal (LPH) telah menyiapkan berbagai program untuk memudahkan pelaku usaha melakukan sertifikasi halal, khususnya di bidang logistik. Mulai dari pelayanan, sistem sertifikasi online CEROL-SS23000, dan seterusnya.
- Hingga saat ini sudah ada 48 perusahaan logistik di Indonesia yang mengantongi sertifikat halal dalam layanan logistiknya untuk kegiatan pengemasan, penyimpanan maupun distribusi.
- Dari 48 Perusahaan Logistik tersebut, mayoritas masih berada di Pulau Jawa, dan baru sebagian kecil yang di luar pulau Jawa.[7]
- Perlu ada kesadaran bersama akan pentingnya fasilitas logistik halal yang memadai karena hal tersebut merupakan bagian dari program pemerintah sesuai dengan UU No:33 tahun 2014 tentang Jaminan Halal. (***)

STAKEHOLDERS IN THE HALAL SECTOR
PARA PEMANGKU KEPENTINGAN DI BIDANG HALAL

Substantively, ensuring the halal status of products within society is a collective responsibility that involves various stakeholders, including the government, business actors, academics, and the broader community.

Since the enactment of the Halal Product Assurance Law (UUJPH), the implementation of halal assurance has been handled by an institution under the Ministry of Religion, namely the Halal Product Assurance Organizing Body (BPJPH). As the name implies, this agency is responsible for the implementation of halal assurance which includes regulation, policy, guidance, supervision to the issuance of halal certificates.

However, in its implementation, BPJPH certainly cannot function independently. There are other institutions and agencies that play a role as stakeholders in the halal sector.

Secara substantif, kehalalan produk yang beredar di masyarakat merupakan tanggung jawab semua pihak: pemerintah, pelaku usaha, akademisi, dan masyarakat luas.

Sejak diberlakukannya Undang-Undang Jaminan Produk Halal (UUJPH), penyelenggaraan jaminan halal ditangani oleh lembaga di bawah Kementerian Agama, yakni Penyelenggara Jaminan Produk Halal (BPJPH). Sesuai Namanya, lembaga ini bertanggung atas penyelenggaraan jaminan halal yang meliputi regulasi, kebijakan, pembinaan, pengawasan hingga penerbitan sertifikat halal.

Namun dalam pelaksanaannya, BPJPH tentu tidak bisa berjalan sendiri. Ada lembaga dan instansi lain yang turut berperan sebagai pemangku kepentingan di bidang halal.

WHAT THEY SAY ABOUT LPPOM MUI

APA KATA MEREKA TENTANG LPPOM MUI

WHAT THEY SAY ABOUT LPPOM MUI
APA KATA MEREKA TENTANG LPPOM MUI

Prof. Dr. (H.C.) K.H. Ma'ruf Amin
Vice President of the Republic of Indonesia
Wakil Presiden (Wapres) Republik Indonesia

"Today, we are continuing to race against time to achieve two significant goals in 2024. These goals include the mandatory halal certification of all food and beverage products and the establishment of Indonesia as the center of the world's halal product industry. LPPOM MUI, with representatives spread across 34 provinces, is spearheading the process of examining and testing the halalness of products. The existence of LPPOM MUI representatives abroad, such as in China, Korea, Taiwan, and other countries, further strengthens Indonesia's position as part of the global industrial supply chain."

"Saat ini, kita terus berpacu dengan waktu. Utamanya untuk mewujudkan dua pekerjaan besar pada 2024, yaitu kewajiban tersertifikasinya halal bagi seluruh produk makanan dan minuman sekaligus visi Indonesia sebagai pusat industri produk halal dunia. Dengan kantor perwakilan yang tersebar di 34 provinsi, LPPOM MUI masih menjadi ujung tombak dalam proses pemeriksaan dan/atau pengujian terhadap kehalalan produk. Adanya perwakilan LPPOM MUI di luar negeri seperti China, Korea, Taiwan dan lain-lain juga semakin memperkuat eksistensi Indonesia sebagai bagian dari rantai pasok industri global."

Airlangga Hartarto
Coordinating Minister for Economic Affairs
Menteri Koordinator Bidang Perekonomian RI

The government is still dedicated to supporting the development of sharia financing, halal services, and products as well as the business sector. The cooperation of local governments, the community, and relevant ministries and institutions (like LPPOM MUI) is anticipated to foster the expansion of the Islamic financial sector and the halal industry. Setting high standards can have a domino effect that promotes innovation, advances the halal sector, and makes a substantial contribution to societal needs.

Pemerintah terus berkomitmen dalam memfasilitasi pertumbuhan industri halal, pengembangan produk, pelayanan halal, serta pembiayaan syariah. Adanya kolaborasi antar-kementerian lembaga terkait (seperti LPPOM MUI), pemerintah daerah maupun masyarakat diharapkan dapat mendorong pertumbuhan industri halal dan sektor keuangan syariah. Penerapan standar tinggi dapat memberikan efek domino untuk memajukan industri halal, mendrong inovasi, berkontribusi nyata untuk memenuhi kebutuhan masyarakat.

Teten Masduki
Minister of Cooperatives and Small-Medium Enterprise Republic of Indonesia
Menteri Koperasi dan UKM RI

"The facilitative effort of the halal certificate provided in the Shawwal Festival organized by LPPOM MUI is one of the ways to contribute to increasing the supply of halal products. This is also in accordance with the government's efforts to provide a good business ecosystem, as stated in the Presidential Regulation on National Entrepreneurship Development."

"Upaya fasilitasi sertifikat halal yang diberikan dalam oleh LPPOM MUI dalam program Festival Syawal adalah salah satu cara untuk berkontribusi dalam menambah *supply* produk halal. Hal ini juga sejalan dengan upaya pemerintah dalam menyediakan ekosistem usaha yang baik sebagaimana tertuang dalam Perpres Pengembangan Kewirausahaan Nasional."

Sandiaga S. Uno

"We appreciate the steps taken by LPPOM MUI in consistently facilitating free halal certification for SMEs. The attainment of halal certification is essential to empowering Indonesian products to compete effectively in the global market. Furthermore, it plays a crucial role in narrowing the development gap, fostering the expansion of business domains, and generating a broader spectrum of employment opportunities."

"Kami mengapresiasi atas langkah yang dilakukan LPPOM MUI yang secara konsisten dalam memberikan fasilitasi sertifikasi halal gratis kepada pelaku UMK. Sertifikasi halal adalah salah satu kebutuhan yang harus dipenuhi agar produk Indonesia dapat bersaing di pasar global. Hal ini mampu mengurangi kesenjangan pembangunan dan bermanfaat membuka lapangan usaha serta menciptakan lapangan kerja seluas-luasnya."

It is anticipated that LPPOM MUI will actively engage in both fostering and communicating with new LPHs through its guidance. This is due to LPPOM MUI's status as the longest-running certification body and a pioneer in the halal industry. I express appreciation and optimism, envisioning that, at this mature stage, LPPOM MUI will continue to excel in both physical and non-physical development in the future."

"LPPOM MUI sebagai lembaga pemeriksa halal di Indonesia maupun lembaga halal luar negeri, bisa melakukan akselerasi dengan cepat. Semoga LPPOM MUI bisa ikut membina dan berkomunikasi, baik dengan LPH-LPH baru melalui bimbingan-bimbingannya. Hal ini karena LPPOM MUI merupakan lembaga sertifikasi halal terlama dan menjadi pioneer perjuangan halal. Sugeng Raharjo, ST
Director of Accreditation System and Harmonization, National Standardization Agency (BSN)
Direktur Sistem dan Harmonisasi Akreditasi, Badan Standardisasi Nasional (BSN)

"In terms of halal standards, Indonesia is currently using the HAS 23000 standard. This standard was initiated by the LPPOM MUI and has been continuously improved since the LPPOM MUI was established. On the global side, through ESMA, Indonesian standards have received mutual recognition from Indonesia and the United Arab Emirates. LPPOM MUI, accredited by KAN, will be listed in ESMA, where KAN is acknowledged as an accreditation body. This recognition allows the accreditation of LPPOM MUI as a halal certification body under the ESMA halal certification scheme (MoIAT), providing a significant boost to the export of Indonesian halal products."

"Terkait dengan standar halal, Indonesia masih menggunakan standar HAS 23000. Standar ini dicetuskan oleh LPPOM MUI dan terus dilakukan perbaikan sejak awal LPPOM MUI berdiri. Sementara di sisi global, melalui ESMA, standar Indonesia sudah mendapatkan pengakuan saling keberterimaan dari Indonesia ke Uni Emirate Arab. LPPOM MUI yang sudah diakreditasi oleh KAN akan tergistrasi di ESMA dan KAN juga diakui sebagai badan akreditasi di sana. Dengan adanya keberterimaan tersebut, akreditasi sebagai lembaga sertifikasi halal yang diperoleh LPPOM MUI untuk skema sertifikasi halal ESMA (MoIAT) mampu mendorong ekspor produk halal Indonesia."

Adhi S. Lukman

This commitment ensures strong support for the food and beverage industry, enhancing its competitiveness through the production of halal products."

"Meskipun terjadi perubahan proses sertifikasi, di mana LPPOM MUI menjadi Lembaga Pemeriksa Halal (LPH), kami percaya LPPOM MUI tetap menjalankan tugasnya dalam proses sertifikasi pemeriksaan dengan profesional dan efektif sehingga ini mendukung industri makanan dan minuman semakin berdaya saing dengan produk-produk halalnya."

Prilly Latuconsina
Actress and Leader of Yuk Tumbuh Bersama (YTB)
Aktris dan Pemimpin Yuk Tumbuh Bersama (YTB)

Given that Indonesia has a predominantly Muslim population, it's only natural that people in the country would prioritize products with halal certification. Additionally, obtaining halal certification for food products has become a legal requirement for MSME practitioners looking to start their businesses. As a result, the collaboration between Yuk Group and LPPOM MUI is expected to provide substantial assistance to many MSMEs in the future.

"Mengingat Indonesia merupakan negara dengan mayoritas penduduknya menganut agama Islam, tentu produk dengan sertifikasi halal akan menjadi prioritas pilihan masyarakat di Indonesia. Dan juga sekarang produk makanan dengan sertifikasi halal akan menjadi salah satu syarat sah pelaku UMKM boleh membuka usaha mereka. Oleh karena itu, kerja sama Yuk Group dengan LPPOM MUI ini akan sangat membantu banyak UMKM nantinya."
