Remarks by The Central Board
of The Indonesian Council of Ulama

Sambutan Pimpinan Pusat Majelis Ulama Indonesia

K.H. ANWAR ISKANDAR
Chairman of MUI
Ketua Umum MUI

Bismillahirrahmaanirrahiim
Assalamu'alaikum Wr. Wb.

Starting 18 October 2026, the Indonesian government will require halal certification for all products in circulation. This regulation particularly applies to micro and small enterprises (MSEs), including those that produce food, beverages, pharmaceuticals, cosmetics, chemicals, biological products, genetically modified products, and consumer goods.

The mandatory halal requirement is based on Law No. 33/2014 concerning the Assurance of Halal Products (JPH) and Government Regulation No. 42/2024 concerning the Implementation of the Assurance of Halal Products. The objectives include providing legal certainty, comfort, security, and safety for consumers.

The enforcement of the halal certification requirement in October 2026 will have at least two consequences. First, more halal products will be available on the market, which will make it easier for consumers, especially Muslim consumers, to determine the halal status of products they wish to purchase. Second, products that are not yet halal-certified will be categorized as illegal goods and may be subject to sanctions, except for products that are clearly labeled as non-halal.

To maintain these objectives, the Indonesian Council of Ulama (MUI), an institution of Himayatul Ummah that protects the people, as well as *Shodiqul Hukumah*, a partner of the government, hopes that all stakeholders in the halal sector will properly implement this law's mandate. Supervision of the JPH Law's implementation must be firm and consistent. Additionally, efforts to accelerate the halal certification process must be increased, especially for micro, small, and medium enterprises (MSMEs).

The government is expected to provide MSMEs with special attention, such as technical guidance and financing facilities, so they can comply with mandatory halal requirements more quickly and effectively.

Bismillahirrahmaanirrahiim
Assalamu'alaikum Wr. Wb.

Pemerintah telah menetapkan bahwa mulai 18 Oktober 2026, seluruh produk yang beredar di Indonesia wajib bersertifikat halal. Ketentuan ini berlaku terutama bagi Usaha Mikro dan Kecil/UMK yang mencakup produk makanan, minuman, obat-obatan, kosmetik, produk kimiawi, biologi, rekayasa genetik, dan barang gunaan yang dimanfaatkan masyarakat.

Ketentuan wajib halal didasarkan pada UU nomor 33 Tahun 2014 tentang Jaminan Produk Halal (JPH) dan Peraturan Pemerintah Nomor 42 Tahun 2024 tentang Penyelenggaraan Bidang Jaminan Produk Halal. Tujuannya, antara lain untuk memberikan kepastian hukum, kenyamanan, keamanan, dan keselamatan bagi konsumen.

Pemberlakuan ketentuan wajib halal pada Oktober 2026 setidaknya menimbulkan dua konsekuensi logis. *Pertama*, Produk halal yang beredar akan semakin banyak, sehingga masyarakat, terutama konsumen muslim semakin mudah memperoleh jaminan kepastian atas kehalalan produk yang hendak dikonsumsi. Adapun konsekuensi *kedua*, produk yang belum bersertifikat halal akan dikategorikan sebagai barang ilegal dan dapat dikenakan sanksi, kecuali untuk produk yang jelas-jelas dinyatakan tidak halal.

Oleh karena itu, untuk menjaga kedua hal tersebut Majelis Ulama Indonesia (MUI) sebagai lembaga *Himayatul Ummah* yang melindungi umat sekaligus sebagai *Shodiqul Hukumah* atau mitra pemerintah, mengharapkan agar seluruh pemangku kepentingan di bidang halal dapat menjalankan amanah undang-undang tersebut dengan baik. Pengawasan atas pelaksanaan UU JPH harus dilakukan secara tegas dan konsisten. Di sisi lain, upaya untuk mendorong percepatan proses sertifikasi halal juga harus ditingkatkan, khususnya bagi pelaku UMK.

Pemerintah diharapkan dapat memberikan perhatian khusus, misalnya berupa bimbingan teknis serta fasilitas pembiayaan bagi UMK agar mereka dapat memenuhi ketentuan wajib halal dengan lebih cepat dan lebih baik.

Although Indonesia's halal industry has shown significant growth trends year over year, as stated in the 2025 LPPOM report in this book, reality reveals that there are still many challenges to overcome. For example, many products are not halal certified. Citing the Halal Product Assurance Organizing Body (BPJPH) report, it is estimated that by the end of 2025, 3.5 million MSMEs will have halal certification. While this number is substantial, it is relatively small compared to the more than 66 million products circulating in Indonesia.

Regarding this issue, the MUI has entrusted the main stakeholders in the halal sector to increase awareness of the importance of halal products in national and global markets. We also hope that the Halal Inspection Body (LPH), responsible for auditing and inspecting the halal status of products from a scientific perspective, can quickly and efficiently provide halal inspection reports while paying close attention to the accuracy of the inspections.

In the field of halal certification, the MUI *Fatwa* Commission must adapt to technological and informational developments, particularly in the food sector, to establish a solid foundation for issuing *fatwa* on product halal status..

Alhamdulillah, the tasks and roles of each party have been carried out quite well so far. Of course, there is always room for improvement in service.

On this occasion, MUI would like to express its appreciation to all those who have worked to improve halal certification services. MUI would also like to thank LPH-LPPOM for regularly publishing the LPPOM Halal Directory, which reviews the latest halal certification developments, especially those related to LPPOM's work programme over the past year. This book serves as a valuable reference for us all in understanding the current state of halal in Indonesia.

May our efforts benefit the community and nation, and help make Indonesia the center of the halal world. *Aamiin yaa robbal aalamiin.*

Wassalamu'alaikum wr. wb.

CENTER BOARD
MAJELIS ULAMA INDONESIA

K. H. ANWAR ISKANDAR
CHAIRMAN

Meskipun dari tahun ke tahun industri halal Indonesia menunjukkan tren pertumbuhan signifikan,--seperti tertulis dalam laporan LPPOM 2025 di buku ini,-- kenyataannya masih ada sejumlah tantangan yang harus dihadapi. Antara lain masih banyaknya produk yang belum bersertifikat halal. Mengutip laporan Badan Penyelenggara Jaminan Produk Halal (BPJPH), hingga akhir 2025 pelaku UMKM yang bersertifikat halal diperkirakan mencapai 3,5 juta. Meskipun jumlah ini cukup besar, ternyata masih relatif kecil jika dibandingkan dengan total produk yang beredar di Indonesia, yang mencapai lebih dari 66 juta unit usaha.

Sehubungan dengan hal tersebut, MUI menitipkan harapan kepada pemangku kepentingan utama di bidang halal agar sosialisasi tentang pentingnya produk halal di pasar, baik nasional maupun global, terus ditingkatkan. Lembaga Pemeriksa Halal (LPH) yang bertugas melakukan audit dan pemeriksaan kehalalan produk dari aspek *science*, kita harapkan juga dapat memberikan laporan pemeriksaan kehalalan secara cepat dan efisien, namun tetap memperhatikan kecermatan dalam pemeriksaaan.

Di bidang sertifikasi halal, Komisi Fatwa MUI sebagai mitra strategis BPJPH dalam menetapkan kehalalan produk, juga harus dapat menyesuaikan diri dengan perkembangan teknologi dan informasi, khususnya di bidang pangan sehingga memiliki dasar pijakan yang kuat dalam memberikan fatwa kehalalan produk.

Alhamdulillah, selama ini tugas dan peran masing-masing pihak tersebut telah dijalankan dengan cukup baik, meskipun tentu saja diharapkan selalu ada peningkatan layanan yang semakin baik.

Pada kesempatan ini MUI mengapresiasi semua pihak yang telah secara aktif meningkatkan pelayanan sertifikasi halal. Secara khusus MUI juga menyampaikan terima kasih dan penghargaan kepada LPH-LPPOM yang secara rutin menerbitkan buku *LPPOM Halal Directory*, yang di dalamnya mengulas tentang laporan perkembangan terbaru di bidang sertifikasi halal, terutama yang terkait dengan program kerja LPPOM selama setahun terakhir. Buku ini kiranya dapat menjadi rujukan bagi kita semua dalam memotret lanskap halal di Tanah Air.

Semoga ihtiar yang kita lakukan dapat memberikan manfaat bagi masyarakat dan bangsa menuju Indonesia sebagai pusat halal dunia. *Aamiiin yaa robbal alamiin...*

Remarks by the President Director of LPPOM

Sambutan Direktur Utama LPPOM

Muti Arintawati
Direktur Utama LPPOM
President Director LPPOM

Bismillahirrahmaannirrahiim
Assalamu'alaikum Wr. Wb.

LPPOM is recognized as the first Halal Inspection Agency (LPH) in Indonesia. Its journey began with a mandate from the government to the Indonesian Ulema Council (MUI) in 1988 to handle cases of alleged pork fat contamination. This event led to a collective awareness: Indonesia needed a robust system to safeguard the halal status of products on the market.

Since then, LPPOM has continued to grow, strengthening its role through increasingly professional and standardized halal auditing processes. The enactment of Law No. 33 of 2014 on Halal Product Guarantee (JPH) further affirmed LPPOM's position as an important part of the national halal auditing system.

Starting from this historical foundation, LPPOM has grown with its belief that product halalness is not only about compliance with regulations, but also a commitment to maintaining quality, safety, and benediction for the community. This belief led to the development of the Halal Assurance System (SJH), which later evolved into the Halal Product Assurance System (SJPH), which has now been adopted in various countries. This contribution is part of Indonesia's efforts to strengthen global halal standards.

This commitment is supported by professional human resources and an integrated laboratory that has obtained SNI ISO/IEC 17065:2012 certification from the National Accreditation Committee (KAN). Through service innovation and consistent quality maintenance, LPPOM has been honored with various awards, including the GIFA Championship Award 2025 for the Halal Certification category at the Global Islamic Finance Awards in Kuala Lumpur. This achievement underscores Indonesia's role in the global halal ecosystem and highlights our growing responsibility moving forward.

Bismillahirrahmaannirrahiim
Assalamu'alaikum Wr. Wb.

Sebagai Lembaga Pemeriksa Halal (LPH) pertama di Indonesia, perjalanan LPPOM dimulai dari amanat pemerintah kepada Majelis Ulama Indonesia (MUI) pada tahun 1988 untuk menangani kasus dugaan pencemaran lemak babi. Dari peristiwa tersebut lahirlah sebuah kesadaran kolektif: Indonesia membutuhkan sistem yang kuat untuk menjaga kehalalan produk yang beredar.

Sejak saat itu, LPPOM terus berkembang, memperkuat perannya melalui proses audit halal yang semakin profesional dan terstandar. Hal ini terutama setelah terbitnya Undang-Undang Nomor 33 Tahun 2014 tentang Jaminan Produk Halal (JPH) yang menegaskan posisi LPPOM sebagai bagian penting dalam penyelenggaraan audit halal nasional.

Berangkat dari fondasi sejarah tersebut, LPPOM tumbuh dengan satu keyakinan bahwa kehalalan produk bukan hanya tentang kepatuhan terhadap aturan, tetapi juga komitmen untuk menjaga kualitas, keamanan, dan keberkahan bagi masyarakat. Keyakinan ini melahirkan Sistem Jaminan Halal (SJH) yang kemudian berkembang menjadi Sistem Jaminan Produk Halal (SJPH), yang kini diadopsi di berbagai negara. Kontribusi ini merupakan bagian dari ikhtiar Indonesia untuk memperkuat standar halal dunia.

Komitmen tersebut tidak terlepas dari dukungan sumber daya insani yang profesional serta laboratorium terpadu yang telah memperoleh sertifikasi SNI ISO/IEC 17065:2012 dari Komite Akreditasi Nasional (KAN). Melalui inovasi layanan dan konsistensi menjaga kualitas, LPPOM menerima berbagai penghargaan, termasuk GIFA Championship Award 2025 untuk kategori Sertifikasi Halal di ajang Global Islamic Finance Awards, Kuala Lumpur. Prestasi ini mengukuhkan peran Indonesia dalam ekosistem halal global dan menegaskan semakin besarnya tanggung jawab kita ke depan.

The 2026 LPPOM Halal Directory provides a comprehensive overview of these achievements, programs, and track records. However, we understand that recognition is not the ultimate goal. Instead, it serves as a reminder that the journey is still long and that there is still work to be done, especially in light of the mandatory halal certification that will come into effect on 17 October 2026. It is essential to prepare for this momentum in order to ensure that the public's right to obtain halal products is truly guaranteed and that the national industry is able to compete in the global market.

In this context, collaboration is of the crucial importance. One of the concrete manifestations of LPPOM's commitment to strengthening the national halal ecosystem is the Shawwal Festival. This program not only facilitates halal certification for small and micro enterprise (SME), but is also designed to build strategic relationships with the government, media, business world, and society.

Through its expanded reach in mass and social media, the Syawal Festival has been a catalyst for increasing the competitiveness of SMEs and opening up opportunities for them to penetrate the growing halal market. In 2026, we are once again preparing a number of flagship programs that will have a broader and more inclusive impact.

Today, Indonesia continues to have enormous opportunities in the global halal market. Given its status as the world's largest Muslim population, Indonesia must be able to take on a strategic role. However, our contribution remains relatively low. This indicates that there is still much room for improvement and strengthening in terms of product innovation, assistance, financing, and capacity building for MSME players.

In such situations, collaboration can be a valuable asset. LPPOM is exploring opportunities to collaborate with a variety of stakeholders, including universities, industry associations, financial institutions, and more, under the guidance of BPJPH, with the aim of fostering a vibrant and inclusive national halal ecosystem.

We also acknowledge that this journey is not yet perfect. We greatly appreciate the feedback we receive from our clients, as it helps us improve our services and meet our customers' needs. We would like to express our deepest gratitude for all the support and cooperation that has been established so far.

May our collective endeavors be guided by divine grace. We hope you find the LPPOM Halal Directory a useful resource. Together, we can work towards a stronger, more competitive, and global future for Indonesia's halal industry

Wassalamu'alaikum wr. wb.

Muti Arintawati
PRESIDENT DIRECTOR

Semua capaian, program, dan rekam jejak tersebut terangkum dalam *LPPOM Halal Directory* ini. Namun bagi kami, penghargaan bukanlah tujuan akhir. Justru menjadi pengingat bahwa perjalanan masih panjang—terutama menghadapi pemberlakuan wajib bersertifikat halal pada 17 Oktober 2026. Momentum ini harus dipersiapkan dengan serius agar hak masyarakat untuk memperoleh produk halal benar-benar terjamin dan industri nasional mampu bersaing di pasar global.

Dalam konteks inilah kolaborasi menjadi sangat penting. Salah satu wujud nyata komitmen LPPOM untuk memperkuat ekosistem halal nasional adalah *Festival Syawal*. Program ini tidak hanya memfasilitasi sertifikasi halal bagi pelaku usaha mikro dan kecil (UMK), tetapi juga dirancang untuk membangun hubungan strategis dengan pemerintah, media, dunia usaha, dan masyarakat.

Melalui perluasan jangkauan di media massa dan sosial, Festival Syawal menjadi katalis untuk meningkatkan daya saing UMK dan membuka peluang mereka menembus pasar halal yang terus berkembang. Tahun 2026, kami kembali menyiapkan sejumlah program unggulan yang akan memberikan dampak yang lebih luas dan lebih inklusif.

Saat ini, peluang Indonesia di pasar halal dunia masih sangat besar. Dengan populasi Muslim terbesar di dunia, seharusnya Indonesia mampu memainkan peran strategis. Namun kontribusi kita masih relatif kecil. Artinya, ruang perbaikan dan penguatan masih luas—baik dari sisi inovasi produk, pendampingan, pembiayaan, maupun penguatan kapasitas pelaku UMKM.

Di sinilah peran bersama dibutuhkan. LPPOM terus membangun kerja sama dengan berbagai pihak—perguruan tinggi, asosiasi industri, lembaga keuangan, dan banyak mitra lain di bawah koordinasi BPJPH—untuk memastikan ekosistem halal nasional tumbuh dengan sehat dan inklusif.

Kami juga menyadari bahwa perjalanan ini belum sempurna. Karena itu, kritik, masukan, dan saran dari berbagai pihak menjadi dorongan bagi kami untuk terus memperbaiki diri dan meningkatkan kualitas layanan. Atas seluruh dukungan dan kerja sama yang terjalin dengan baik selama ini, kami menyampaikan terima kasih yang sebesar-besarnya.

Semoga setiap langkah yang kita ikhtiarkan bersama ini selalu mendapat ridho Allah Swt. Selamat membaca *LPPOM Halal Directory*, dan mari melangkah bersama menuju masa depan industri halal Indonesia yang lebih kuat, berdaya saing, dan mendunia.

Wassalamu'alaikum wr. wb.

About LPPOM
TENTANG LPPOM

Profile and Milestone LPPOM
Profil dan Jejak LPPOM

History of LPPOM

LPPOM (formerly LPPOM MUI) was established on January 6, 1989, with the specific duty of inspecting product halalness and conducting halal certification of products circulating in Indonesia.

LPPOM had been established based on the mandate of the government/state that the Indonesian Council of Ulama (Majelis Ulama Indonesia, MUI) plays an active role in relieving cases of lard 1988 in Indonesia

Sejarah LPPOM

LPPOM (dulu LPPOM MUI) didirikan pada tanggal 6 Januari 1989 dengan tugas khusus melakukan pemeriksaan kehalalan produk dan melakukan sertifikasi halal terhadap produk yang beredar di Indonesia.

Pembentukan LPPOM didasarkan atas mandat dari Pemerintah/ negara agar Majelis Ulama Indonesia (MUI) berperan aktif dalam meredakan kasus lemak babi di Indonesia pada tahun 1988.

Later, the government through the Ministry of Religion issued the the issuance then followed a memorandum of understanding of the Decree of the Minister of Religion (KMA) 518 of 2001 and KMA 519 of 2001, which strengthened MUI's role as a halal certification body and carried out examinations/audits, fatwas stipulation, and issued halal certificates.

The government then issued Act No. 33/2014 on Halal Product Assurance (the JPH Act), which further strengthened the role of LPPOM, particularly in relation to the halal audit process as a Halal Inspection Body (LPH). Meanwhile, the Halal Product Assurance Organizing Body (BPJPH) has been designated as the entity with full authority over halal certification since the issuance of this regulation.

LPPOM is the first and trusted Halal Certification Body (LSH) in Indonesia and increasingly showing its existence as a credible halal certification body, both at the national and international levels.

The certification system and halal assurance system are designed and implemented by LPPOM have also been recognized and even adopted by foreign halal certification bodies in various countries. (***)

Dalam perjalanannya kemudian, pemerintah melalui Kementerian Agama mengeluarkan Surat Keputusan Menteri Agama (KMA) Nomor 518 Tahun 2001 dan KMA Nomor 519 Tahun 2001, yang menguatkan peran MUI sebagai lembaga sertifikasi halal serta melakukan pemeriksaan/audit, penetapan fatwa, dan menerbitkan sertifikat halal.

Selanjutnya, pemerintah menerbitkan Undang-Undang Nomor 33 Tahun 2014 tentang Jaminan Produk Halal (UU JPH) yang semakin memperkuat peran LPPOM, khususnya terkait dengan proses audit halal sebagai Lembaga Pemeriksa Halal (LPH). Sementara kewenangan penuh sertifikasi halal sejak regulasi tersebut dikeluarkan berada di Badan Penyelenggara Jaminan Produk Halal (BPJPH).

LPPOM merupakan Lembaga Sertifikasi Halal (LSH) pertama dan terpercaya di Indonesia serta semakin menunjukkan eksistensinya sebagai lembaga sertifikasi halal yang kredibel, baik di tingkat nasional maupun internasional.

Sistem sertifikasi dan jaminan halal yang dirancang serta diimplementasikan oleh LPPOM juga telah diakui bahkan juga diadopsi oleh lembaga-lembaga sertifikasi halal di berbagai negara. (***)

Keunggulan LPPOM

As a Halal Inspection Agency (LPH), LPPOM is committed to strengthening three main pillars in halal certification services: competent auditors, accredited laboratories, and an online service system. LPPOM has more than 900 professional and competent auditors. Having these auditors ensures that halal inspection services can be performed thoroughly, accurately, and timely.

LPPOM auditors come from various educational backgrounds, ranging from Bachelor (S-1), Master (S-2), and Doctor (S-3). Some of them are professors in Food Technology, Chemistry, Biochemistry, Industrial Technology, Biology and Pharmacy. Their competence is further strengthened by a Halal Auditor Professional Work Competence Certificate issued by the National Professional Certification Agency (BNSP). LPPOM auditors are proficient in up to eight inspection areas. This puts them at the forefront of ensuring that products are halal in accordance with applicable standards. This expertise and professionalism are essential foundations for LPPOM to maintain the quality of reliable halal certification services.

Sebagai Lembaga Pemeriksa Halal (LPH), LPPOM berkomitmen untuk memperkuat tiga pilar utama dalam layanan sertifikasi halal, yakni auditor yang kompeten, laboratorium terakreditasi, dan sistem pelayanan daring. Dalam mendukung proses pemeriksaan halal, LPPOM didukung oleh lebih dari 900 auditor profesional dan kompeten. Keberadaan para auditor ini memastikan layanan pemeriksaan halal dapat dilakukan secara menyeluruh, akurat, dan tepat waktu.

Para auditor LPPOM berasal dari berbagai latar belakang pendidikan, mulai dari jenjang Sarjana (S-1), Master (S-2), Doktor (S-3), hingga beberapa di antaranya bergelar Profesor (Guru Besar) di bidang teknologi pangan, kimia, biokimia, teknologi industri, biologi, dan farmasi. Kompetensi mereka semakin diperkuat dengan kepemilikan Sertifikat Kompetensi Kerja Profesi Auditor Halal yang dikeluarkan oleh Badan Nasional Sertifikasi Profesi (BNSP). Auditor LPPOM yang menguasai seluruh, hingga delapan ruang lingkup pemeriksaan, menjadi ujung tombak yang andal dalam memastikan kehalalan produk sesuai dengan standar yang berlaku. Keahlian dan profesionalisme ini menjadi fondasi penting bagi LPPOM dalam menjaga kualitas layanan sertifikasi halal yang terpercaya.

LPPOM Accreditation: Affirming Quality and Trust

Akreditasi LPPOM: Teguhkan Kualitas dan Kepercayaan

As a professional institution focusing on Halal assurance, LPPOM always maintains its quality standards and credibility through various accreditation achievements. This accreditation recognizes LPPOM's competence, consistency, and integrity in conducting the halal certification process in accordance with national and international standards. This achievement strengthens LPPOM's position as a trusted institution and increases public trust in the services provided.

The achievement of accreditation demonstrates LPPOM's commitment to innovate and continuously adapt to regulatory changes and global demands. With high accreditation standards, LPPOM can provide quality services and ensure that every halal certification process is conducted professionally and responsibly and meets the expectations of all stakeholders. This achievement is one of the important foundations for LPPOM to support the halal ecosystem in Indonesia and internationally.

Sebagai lembaga profesional yang berfokus pada jaminan halal, LPPOM senantiasa menjaga standar mutu dan kredibilitasnya melalui berbagai pencapaian akreditasi. Akreditasi ini menjadi bukti pengakuan atas kompetensi, konsistensi, dan integritas LPPOM dalam menjalankan proses sertifikasi halal sesuai dengan standar nasional maupun internasional. Capaian ini tidak hanya memperkuat posisi LPPOM sebagai lembaga terpercaya, tetapi juga meningkatkan kepercayaan publik terhadap layanan yang diberikan.

Keberhasilan meraih akreditasi menunjukkan komitmen LPPOM untuk terus berinovasi dan beradaptasi di tengah perubahan regulasi serta tuntutan global. Dengan standar akreditasi yang tinggi, LPPOM mampu memberikan layanan yang berkualitas dan memastikan bahwa setiap proses sertifikasi halal berjalan secara profesional, akuntabel, dan memenuhi ekspektasi semua pemangku kepentingan. Pencapaian ini menjadi salah satu fondasi penting bagi LPPOM dalam mendukung ekosistem halal di Indonesia dan di kancah internasional.

LPPOM Programme

Program LPPOM

Halal Certification Introduction Class

This activity is held monthly, making it easier for businesses from various regions and parts of the world to understand halal certification requirements. Classes are conducted online in two languages:

- Indonesian Language Class: Every Tuesday on the second and fourth weeks of each month.
- English Class: Every Tuesday in the fourth week of the month.

Kelas Pengenalan Sertifikasi Halal

Kegiatan ini diadakan rutin setiap bulan, memudahkan pelaku usaha dari berbagai daerah dan belahan dunia untuk memahami persyaratan sertifikasi halal. Kelas dilaksanakan secara online dalam dua bahasa:

- **Kelas Bahasa Indonesia**: Setiap hari Selasa pada minggu kedua dan keempat setiap bulan.
- **Kelas Bahasa Inggris**: Setiap hari Selasa pada minggu keempat setiap bulan.

Seminar/Webinar

Our seminars/webinars are organized thematically, with content tailored to the specific needs of business actors. These activities can be conducted in collaboration with various parties, including government agencies, industry associations, diplomatic missions, academic institutions, and other relevant entities. This approach guarantees that the subjects addressed are pertinent and beneficial, while facilitating networking and collaboration opportunities for businesses.

Seminar/Webinar

Seminar/Webinar diselenggarakan secara tematik, disesuaikan dengan kebutuhan spesifik pelaku usaha. Kegiatan ini dapat dilakukan melalui kolaborasi dengan berbagai pihak, seperti pemerintah, asosiasi, kedutaan, universitas, dan lainnya. Pendekatan ini memastikan topik yang dibahas relevan dan bermanfaat, sekaligus memperluas jaringan dan peluang kerjasama bagi pelaku usaha.

Technical Guidance

Technical guidance classes are for businesses that are prepared to apply for halal certification. These classes focus on providing guidance on the drafting of required documents for registration, ensuring that all requirements are met appropriately.

Bimbingan Teknis

Kelas bimbingan teknis diperuntukan bagi pelaku usaha yang siap mendaftar sertifikasi halal. Kelas ini fokus pada panduan penyusunan dokumen yang diperlukan untuk pendaftaran, memastikan semua persyaratan terpenuhi dengan tepat.

Exhibition

To facilitate access to halal certification information, LPPOM actively participates in various exhibitions, both nationally and internationally. The exhibitions included sectors such as food, medicine, cosmetics, consumer goods, and raw materials. HALAL IS MY LIFE

Fostering Collective Halal Awareness through Education and Collaboration

Tumbuhkan Kesadaran Halal Kolektif melalui Edukasi dan Kolaborasi

Halal awareness is the result of sustainable education and collaboration among various parties. Amidst the evolving dynamics of modern society, halal literacy must be collectively constructed so that it is recognized not only as an obligation, but also as a value embedded in consumption patterns, production, and daily lifestyles.

LPPOM offers a diversified educational program and collaborative spaces to promote halal awareness across all segments of society, including the younger generation and the general public. This initiative facilitates a comprehensive understanding of fiqh, science, and regulations, while strengthening a trustworthy and competitive halal ecosystem

Kesadaran halal merupakan hasil dari edukasi yang berkelanjutan dan kolaborasi berbagai pihak. Di tengah dinamika masyarakat modern, pemahaman halal perlu dibangun secara kolektif agar tidak hanya dipahami sebagai kewajiban, tetapi juga sebagai nilai yang tertanam dalam pola konsumsi, produksi, dan gaya hidup sehari-hari.

Melalui beragam program edukasi dan ruang kolaborasi, LPPOM menumbuhkan kesadaran halal di berbagai lapisan masyarakat—dari generasi muda hingga publik luas. Inisiatif ini menjembatani pemahaman fikih, sains, dan regulasi, sekaligus memperkuat ekosistem halal yang terpercaya dan berdaya saing.

Halal Discovery

A halal literacy program that facilitates collaboration between students and LPPOM by organizing educational visits to the Global Halal Centre or through direct engagement with LPPOM activities at schools and campuses, providing students with hands-on experience regarding the urgency of halal products. These visits include socialization and education on basic knowledge of halal and haram products, the meaning of halal certification, and halal certification regulations in Indonesia. This programme can be conducted through direct visits to LPPOM or by LPPOM teams visiting schools or universities.

Jelajah Halal

Program literasi halal yang mempertemukan pelajar/mahasiswa dengan LPPOM melalui kunjungan edukatif ke Global Halal Centre atau kegiatan LPPOM yang hadir langsung ke sekolah dan kampus untuk belajar langsung terkait urgensi produk halal. Kunjungan ini meliputi sosialisasi dan edukasi terkait dengan pengetahuan dasar produk halal dan haram, makna sertifikasi halal, hingga regukasi sertifikasi halal di Indonesia. Bentuk program ini bisa dilakukan melalui kunjungan langsung ke LPPOM atau tim dari LPPOM yang datang langsung ke sekolah atau perguruan tinggi.

Gen Halal Championship

The LPPOM's strategic approach to fostering halal literacy among high school students through educational competitions that integrate fiqh, science, and industry standards. Participants are encouraged to understand how halal values are applied in the supply chain, production processes, and daily lifestyles. This competition is expected to shape the character of students who are caring and aware of the halal ecosystem as a whole, so that they have a strong foundation to contribute to various halal industry sectors that continue to grow.

Gen Halal Championship

Langkah strategis LPPOM dalam menumbuhkan literasi halal bagi siswa/i SMA sederajat melalui kompetisi yang menggabungkan edukasi fikih, sains, dan standar industri. Peserta diajak memahami bagaimana nilai-nilai halal diterapkan dalam rantai pasok, proses produksi, hingga gaya hidup sehari-hari. Ajang ini diharapkan mampu membentuk karakter pelajar yang peduli dan sadar terhadap ekosistem halal secara menyeluruh, sehingga mereka memiliki fondasi kuat untuk berkontribusi di berbagai sektor industri halal yang terus berkembang.

LPPOM Excellence Summit

A global strategic forum that facilitates collaboration among stakeholders in the halal industry to discuss, share knowledge, and harmonize halal standards with technological developments and future needs. Organized by LPPOM, this event is designed to facilitate collaboration, with the aim of strengthening a modern, integrated, and competitive halal ecosystem.

LPPOM Excellence Summit

Forum strategis global yang mempertemukan para pemangku kepentingan industri halal untuk berdiskusi, berbagi pengetahuan, dan menyelaraskan standar halal dengan perkembangan teknologi dan kebutuhan masa depan. Diselenggarakan oleh LPPOM, ajang ini menjadi ruang kolaborasi untuk memperkuat ekosistem halal yang modern, terintegrasi, dan berdaya saing.

Bincang Halal (Halal Talk)

This podcast-style program is a simple talk show that airs on YouTube and LPPOM's Instagram Live. It features various experts in their fields as guests. The target audience for this program is Millennials and Gen Z. Through Halal Talk (*Bincang Halal*), LPPOM demonstrates its commitment to spreading awareness and education about halal as widely as possible to the public.

Bincang Halal

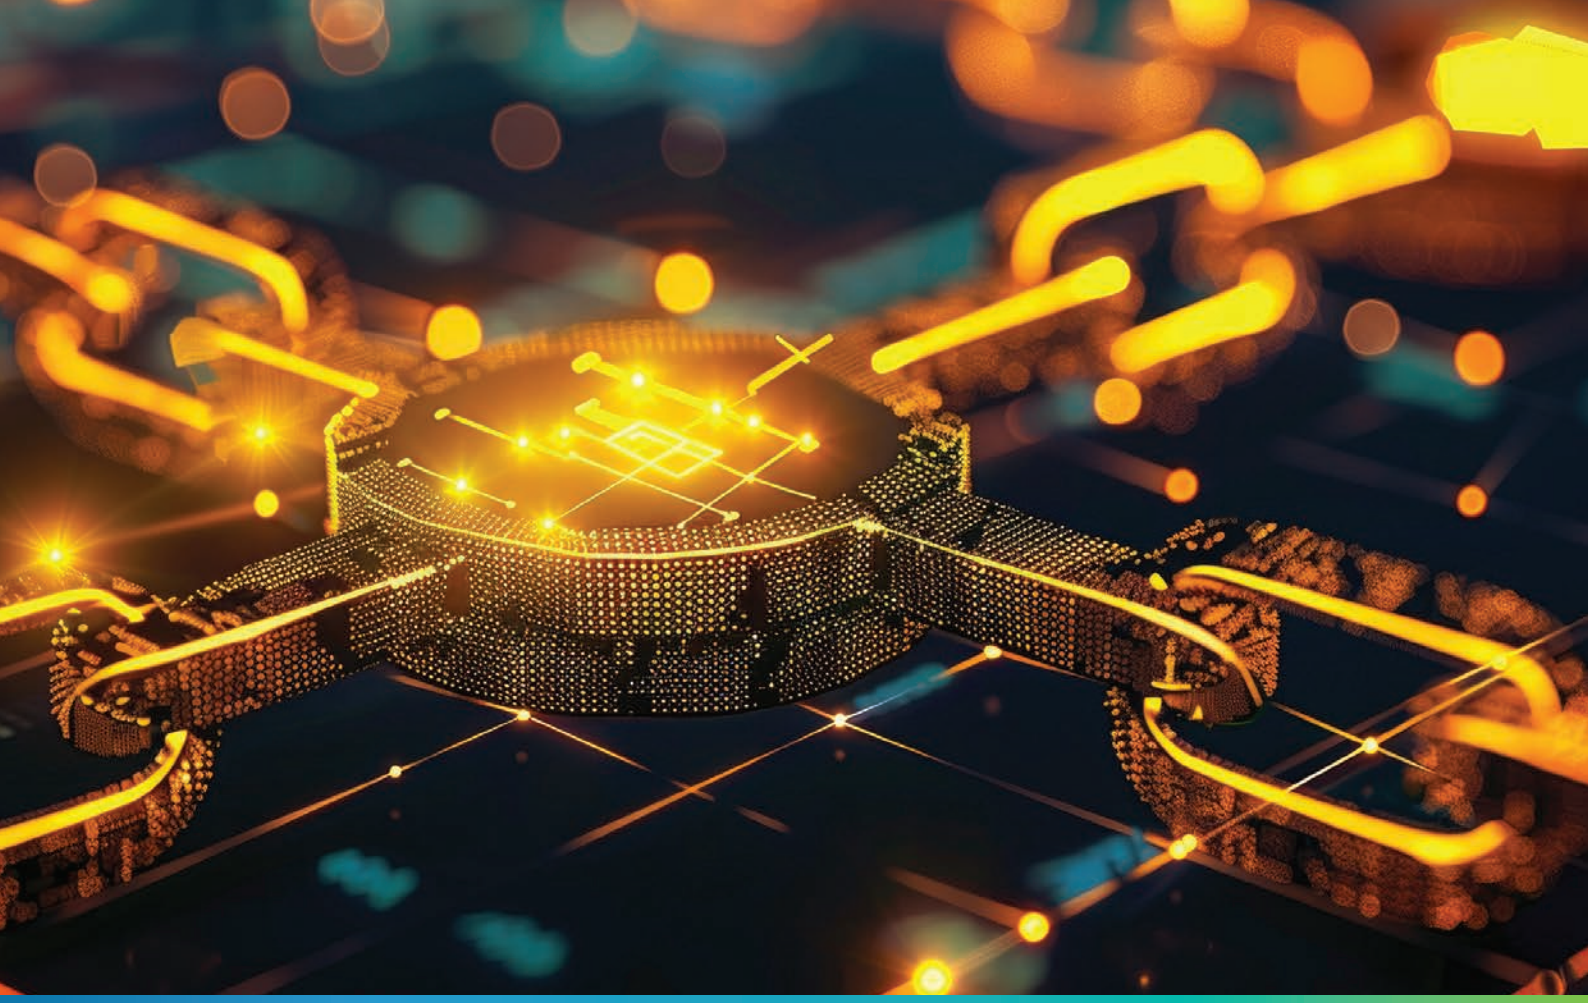
Program ini merupakan *talkshow* sederhana (*podcast*) yang disiarkan melalui YouTube dan Live Instagra LPPOM dengan mengundang berbagai narasumber yang ahli di bidangnya. Adapun target program ini adalah generasi Milenial dan Gen Z. Melalui Bincang Halal, LPPOM membuktikan komitmennya dalam menyebarkan sosialisasi dan edukasi terkait halal seluas-luasnya ke masyarakat.

Jurnal Halal Magazine

LPPOM's official publication, which reviews literacy and the issues of product halalness, serves as a trusted reference for industry, academics, regulators, and the public in understanding halal standards, regulations, research, and certification practices. Through in-depth articles and expert analysis, Jurnal Halal Magazine is committed to strengthening halal literacy and raising public awareness of the importance of halal products.

Majalah Jurnal Halal

Publikasi resmi LPPOM yang mengulas literasi dan isu kehalalan produk, menjadi rujukan terpercaya bagi industri, akademisi, regulator, dan masyarakat dalam memahami standar halal, regulasi, riset, dan praktik sertifikasi. Melalui artikel mendalam dan analisis ahli, Majalah Jurnal Halal berkomitmen memperkuat literasi halal dan meningkatkan kesadaran publik akan pentingnya produk halal.



Utilization of Technology to Build Indonesia's Halal Ecosystem

PEMANFAATAN TEKNOLOGI UNTUK MEMBANGUN EKOSISTEM HALAL INDONESIA

The implementation of technology has become a key factor in developing a national halal ecosystem, enabling it to compete in the global market. What actions must be taken to address this concern?

Implementasi teknologi menjadi faktor kunci dalam pengembangan ekosistem halal nasional agar mampu bersaing di pasar global. Apa yang harus dilakukan?

The digitalized world requires all business sectors to master technology. This includes the halal industry. In the context of halal business, technology is not only aimed at simplifying halal certification registration procedures, but also increasingly becoming a strategic tool for managing data, expanding market access, ensuring traceability, and strengthening consumer trust in the halalness of products and services.

In the context of the halal industry, technology can accelerate the development of a transparent, efficient, and trustworthy halal ecosystem through the digitization of certification, supply chain tracking, and digital

Peradaban dunia yang serba digital mengharuskan semua sektor bisnis menguasai teknologi. Tidak terkecuali di industri halal. Dalam konteks bisnis halal, teknologi tidak sekadar untuk memudahkan prosedur pendaftaran sertifikasi halal, namun semakin meluas menjadi alat strategis untuk mengelola data, memperluas akses pasar, menjamin ketertelusuran serta memperkuat kepercayaan konsumen akan kehalalan produk dan layanan.

Di industri halal, teknologi dapat mempercepat pengembangan ekosistem halal yang transparan, efisien, dan terpercaya melalui digitalisasi sertifikasi, pelacakan rantai pasok dan pemasaran

marketing. In the context of logistics, the integration of digital platforms and information technology serves to optimize the management of logistics processes and to ensure that halal products are not contaminated with haram ingredients during the distribution process.

Halal Blockchain and IoT: An Inevitability

It is widely known that one of the main characteristics of halal products is the guarantee of authenticity and ingredient traceability from upstream/production to downstream/consumption, from the field to the dining table. Therefore, halal blockchain technology is used to ensure this.

The primary benefits of blockchain in the halal ecosystem include enhanced transparency, security, and consumer trust through supply chain tracking. This technology enables verification of halal certification that cannot be altered or manipulated, creating audit automation and strengthening sharia compliance in digital finance.

Other than blockchain, the Internet of Things (IoT) is another technology that has gained popularity and been adopted to support the halal industry. The Internet of Things (IoT) is a concept in which physical devices, such as sensors, machines, and equipment—are connected via the internet to collect and exchange data in real time. These devices are capable of communicating with each other without the need for human intervention, thereby facilitating more efficient automation and control. (*online.binus.ac.id*).

IoT technology offers significant opportunities in the halal business. For instance, it can be used to monitor the supply chain. IoT sensors can track conditions such as food temperature or other materials in real time from source to consumer, ensuring there is no contamination with non-halal ingredients. This technology also facilitates full visibility of the ingredients' origins and production processes, making traceability easier. If a product is halal certified, data from IoT devices can validate each step of the processing, which can be digitally audited and verified.

digital. Di bidang logistik, *platform* digital dan teknologi informasi membantu mengoptimalkan manajemen logistik dan memastikan produk halal tidak terkontaminasi dengan bahan haram selama proses distribusi.

Halal Blochchain dan IoT: Sebuah Keniscayaan

Seperti diketahui, salah satu ciri utama produk halal adalah adanya jaminan akan keaslian serta ketertelusuran bahan dari hulu hingga hilir, dari ladang hingga ke meja makan. Oleh karena itu, teknologi *halal blockchain* digunakan untuk memastikan hal tersebut.

Manfaat utama *blockchain* dalam ekosistem halal adalah meningkatkan transparansi, keamanan, dan kepercayaan konsumen melalui pelacakan rantai pasok. Teknologi ini memungkinkan verifikasi sertifikasi halal yang tidak dapat diubah sehingga tidak dapat dimanipulasi, menciptakan otomatisasi audit serta memperkuat kepatuhan syariah pada keuangan digital.

Tidak hanya *blockchain,* teknologi lain yang kini populer dan diadopsi dalam mendukung industri halal adalah *Internet of Things* (IoT). Ini adalah konsep di mana perangkat fisik, seperti sensor, mesin, dan peralatan, saling terhubung melalui internet untuk mengumpulkan dan bertukar data secara *real-time*. Perangkat ini mampu berkomunikasi satu sama lain tanpa intervensi manusia, dan memungkinkan otomatisasi dan kontrol yang lebih efisien. (*online.binus.ac.id*).

Teknologi IoT menawarkan peluang signifikan dalam bisnis halal. Misalnya untuk memantau rantai pasok. Sensor IoT dapat melacak kondisi, misalnya suhu makanan atau bahan lain secara *real-time* dari sumber hingga konsumen, serta memastikan tidak ada kontaminasi dengan bahan non-halal. Teknologi ini juga memungkinkan visibilitas penuh terhadap asal-usul bahan dan proses produksi, sehingga memudahkan keterletusuran. Jika suatu produk disertifikasi halal, data dari perangkat IoT dapat memvalidasi setiap langkah pemrosesan, yang dapat diaudit dan diverifikasi secara digital.

In production facilities, the Internet of Things (IoT) can automate the sanitization of equipment by using sensors to verify the use of halal cleaning agents or monitor other critical parameters to ensure strict halal standards compliance.

Finally, this technology can also increase consumer trust. With transparent data available through IoT-powered platforms, businesses can build greater trust with Muslim consumers who are increasingly aware of the authenticity and integrity of the products they consume.

For Indonesia, the implementation of halal technologies, such as the Internet of Things (IoT) and halal blockchain, is inevitable. These technologies will shape and strengthen the halal ecosystem. The objective is to enhance industrial competitiveness, protect consumers, and stimulate national economic growth. Through halal certification and the development of related sectors such as tourism, fashion, and finance, the halal ecosystem can strengthen the economic value chain, improve the quality of micro, small, and medium enterprises (MSMEs) products, and position Indonesia as a global halal production center.

Pada fasilitas produksi, IoT dapat mengotomatisasi pembersihan peralatan dengan menggunakan sensor untuk memverifikasi penggunaan bahan pembersih halal, atau memantau parameter kritis lainnya untuk memastikan kepatuhan standar halal yang ketat.

Pada akhirnya, teknologi ini juga dapat meningkatkan kepercayaan konsumen. Dengan data transparan yang tersedia melalui *platform* bertenaga IoT, bisnis dapat membangun kepercayaan yang lebih besar dengan konsumen Muslim yang semakin sadar akan keaslian dan integritas produk yang mereka konsumsi.

Bagi Indonesia, implementasi teknologi halal semacam IoT maupun *halal blockchain* yang pada gilirannya membentuk dan memperkuat ekosistem halal, menjadi sebuah keniscayaan. Tujuannya, agar dapat meningkatkan daya saing industri, melindungi konsumen, dan mendorong pertumbuhan ekonomi nasional. Melalui sertifikasi halal dan pengembangan sektor terkait seperti pariwisata, fesyen hingga sektor keuangan, ekosistem halal dapat memperkuat rantai nilai ekonomi, meningkatkan kualitas produk Usaha Menengah Kecil Mikro (UMKM), dan memposisikan Indonesia sebagai pusat produsen halal global.

The ambition to position Indonesia as a global halal producer is certainly not without reason. The halal business continues to grow dynamically, in line with public demand and technological advances. While halal was initially associated with food and beverages, the landscape has evolved to encompass numerous sectors, including industry, finance, tourism, and lifestyle. In fact, halal is no longer the domain of Muslims as a fulfillment of sharia law; it has become a global lifestyle requirement for modern society.

This phenomenon has driven the growth of halal businesses in the global market. Product Registration Indonesia, a business and regulatory compliance consulting agency, estimates that the value of global halal trade will reach USD 2.3 trillion by 2026. This figure is projected to skyrocket to USD 4.5 trillion by 2033.

Domestically, the growth of halal product consumption is also expected to increase, reaching USD 259.8 billion by 2026. This figure indicates a growth of approximately 5.88% from the previous year and accounts for over 30% of national household consumption.

In terms of exports, halal products contribute 20 percent of Indonesia's total non-oil and gas exports. Exports of halal products are projected to rise to USD 73.9 billion, with a growth of around 8.73 percent, including non-palm oil exports, which continue to increase. It is no exaggeration to claim that halal products are expected to play a pivotal role in enhancing national trade performance. (*Jurnal Halal 177edition- January 2026*).

It is widely recognized that 2026 is a significant milestone for the national halal industry, aligning with the implementation of mandatory halal certification for products in Indonesia. This requirement has placed halal products before a growing market of Muslim consumers and has also led to the development of new regulatory compliance standards.

With a Muslim population of 244 million out of a total population of 281 million, or around 87% of the total population (*Global Muslim Population data, March 2025*), Indonesia has the potential to become a significant player in the global halal industry. Furthermore, halal-certified products are increasingly regarded as a benchmark for food safety, hygiene, and traceability of raw materials. That is also why halal products are in demand by non-Muslim consumers.

Digital Platform for MSMEs

To date, the contribution of MSMEs to the national economy has been significant. According to official data from the Ministry of Cooperatives and SMEs, in 2025 MSMEs, which number 64 million business units, contributed approximately 62.3% of the Gross Domestic Product (GDP) and employed over 117 million people, accounting for around 97% of the total national workforce.

Ambisi untuk menempatkan Indonesia sebagai produsen halal global tentu bukan tanpa alasan. Bisnis halal terus berkembang dinamis, seiring dengan tuntutan masyarakat dan kemajuan teknologi. Jika pada awalnya halal dipersepsikan hanya sebatas makanan dan minuman, kini lanskap halal semakin meluas mencakup banyak aspek mulai dari industri, keuangan, pariwisata hingga gaya hidup. Bahkan, halal tidak lagi menjadi domain umat muslim sebagai pemenuhan kaidah syariah, melainkan telah menjadi tuntutan gaya hidup global masyarakat modern.

Fenomena tersebut telah mendorong peningkatan bisnis halal di pasar dunia. Product Registration Indonesia, lembaga konsultan bisnis dan kepatuhan regulasi, memperkirakan, nilai perdagangan halal dunia pada tahun 2026 mencapai USD 2,3 triliun. Angka tersebut diproyeksikan akan meroket menjadi USD 4,5 triliun pada tahun 2033.

Di dalam negeri, pertumbuhan konsumsi produk halal diperkirakan juga bakal meningkat, mencapai USD259,8 miliar pada 2026. Angka tersebut tumbuh sekitar 5,88 persen dari tahun sebelumnya dan menyumbang lebih dari 30 persen konsumsi rumah tangga nasional.

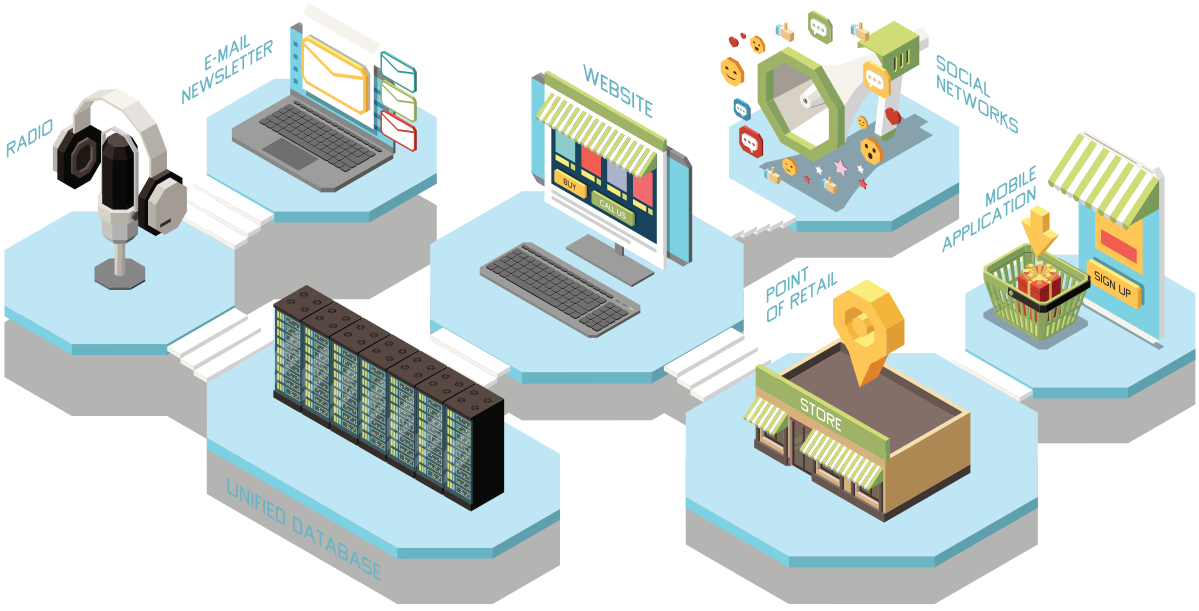
Di sisi ekspor, produk halal berkontribusi sebesar 20 persen dari total ekspor barang non-migas Indonesia. Ekspor produk halal diproyeksikan naik menjadi USD73,9 miliar dengan pertumbuhan sekitar 8,73 persen, termasuk ekspor non-sawit yang terus meningkat. Tidak berlebihan jika produk halal ditargetkan menjadi penguat penting bagi kinerja perdagangan nasional. (*Jurnal Halal edisi 177- Januari 2026*).

Seperti diketahui, tahun 2026 merupakan tonggak penting bagi industri halal nasional sejalan dengan diberlakukannya ketentuan wajib sertifikasi halal bagi produk yang beredar di Indonesia. Ketentuan tersebut telah menempatkan produk halal tidak semata-mata untuk memenuhi kebutuhan konsumen muslim, namun untuk memenuhi ketentuan regulasi.

Dengan jumlah penduduk muslim mencapai 244 juta dari total populasi sebanyak 281 juta jiwa, atau sekitar 87% dari seluruh penduduk (*data Global Muslim Population Maret 2025*), Indonesia bisa menjadi pelaku utama di industri halal internasional. Terlebih lagi produk bersertifikasi halal semakin dipandang sebagai tolok ukur keamanan pangan, higenitas dan ketertelusuran bahan baku. Itu pula sebabnya, produk halal juga diminati oleh konsumen nonmuslim.

Platform Digital untuk UMKM

Selama ini kontribusi UMKM dalam perputaran perekonomian nasioanl sangat signifikan. Data resmi Kementerian Koperasi dan UKM tahun 2025 menunjukkan, UMKM yang jumlahnya mencapai 64 juta unit usaha, menyumbang sekitar 62,3% dari Produk Domestik Bruto (PDB) dan menyerap lebih dari 117 juta tenaga kerja, atau sekitar 97% dari total angkatan kerja nasional.



In the export sector, the contribution of MSMEs to national exports has also continued to increase, reaching around 15.7% of Indonesia's total exports. This indicates that MSMEs play a significant role in strengthening the competitiveness of local products in the global market. It also confirms that MSMEs are not merely an informal sector, but a key pillar in driving inclusive and sustainable economic growth.

However, MSMEs frequently encounter challenges related to production management, customer data management, and certification processes. According to data from the Ministry of Communication and Digital Information (Kemenkomdigi), approximately 64 million MSMEs have been identified, of which only 27 million have adopted digital platforms. This indicates that there are still many businesses that have not adopted modern technology due to limited knowledge or investment costs.

Currently, e-commerce platforms such as TikTok, Tokopedia, Shopee, and Bukalapak have provided MSMEs with easy access to millions of consumers. However, the digitalization of MSMEs is not limited to the use of technology in sales activities, but also includes the use of artificial intelligence (AI) to improve productivity and customer service.

Apart from that, IT implementation for MSMEs can also provide many benefits. This is the challenge faced, because not many MSME players have optimized the use of this technology. (Read The Role of IT in the Development of Halal MSMEs)

Di bidang ekspor, kontribusi UMKM terhadap ekspor nasional juga terus meningkat, mencapai sekitar 15,7% dari total ekspor Indonesia. Hal ini menunjukkan peran UMKM dalam memperkuat daya saing produk lokal di pasar global sangat siginifikan. Hal ini juga menegaskan bahwa UMKM bukan sekadar sektor informal, melainkan pilar utama dalam mendorong pertumbuhan ekonomi yang inklusif dan berkelanjutan.

Masalahnya, selama ini UMKM sering dihadapkan pada tantangan dalam pengelolaan produksi, data pelanggan, serta sertifikasi. Data dari Kementerian Komunikasi dan Informasi Digital (Kemenkomdigi) menunjukkan, dari sekitar 64 juta unit UMKM, yang telah mengadopsi platform digital sebanyak 27 juta unit usaha. Artinya, masih banyak pelaku usaha yang belum mengadopsi teknologi modern karena keterbatasan pengetahuan atau biaya investasi.

Selama ini platform *e-commerce* seperti Tiktok, Tokopedia, Shopee, dan Bukalapak memang telah memberikan akses mudah bagi UMKM untuk menjangkau jutaan konsumen. Namun, digitalisasi UMKM tidak hanya terbatas pada penggunaan teknologi dalam aktivitas penjualan, tetapi juga mencakup pemanfaatan kecerdasan buatan (AI) untuk meningkatkan produktivitas dan layanan pelanggan.

Selain itu, implementasi IT bagi UMKM juga dapat memberikan banyak manfaat. Inilah tantangan yang dihadapi, karena belum banyak pelaku UMKM yang mengoptimalkan pemanfaatan teknologi tersebut. (*Baca Peran IT dalam pengembangan UMKM Halal*)

The Role of LPPOM in Halal Technology Development

The Halal Inspection Agency (LPH) LPPOM has been utilizing information technology in halal business processes since 2012. With the aim of facilitating the halal certification registration process, LPPOM launched the Ceroll SS23000 application in 2012. This application enables business professionals to easily register online, eliminating the need to visit the office and bring numerous physical documents.

In line with technological developments, LPPOM has improved the Cerol SS23000 service features with a variety of new features that not only make the halal certification registration process easier, but also add new services. For example, an online audit scheduling dashboard, an easy-to-use display, and an easy search for halal ingredients/ products.

Following the successful launch of the Cerol SS2300 service, LPPOM has also developed its service technology with MoSA (Modified Onsite Audit), a remotely conducted halal audit method. This method is primarily applied during pandemics or special circumstances to replace on-site inspections. It ensures the validity of audits in accordance with the standards of the National Accreditation Committee (KAN) and focuses on the digital review of documents and physical evidence.

Previously, LPPOM MUI also introduced the use of the Halal Resto QR Code. This service is intended for the purpose of providing information, promoting, and validating halal-certified products, with a particular focus on the restaurant categories. The service has now been developed to include halal restaurant payment features.

LPPOM's years of experience in implementing technology in halal certification services have proven that the role of information technology in the halal business process is not merely to facilitate the halal certification registration process. Technology is an enabler that helps create transparency, efficiency, accountability, and global market growth for Indonesian halal businesses.

In the future, as civilization progresses, technological innovation will undoubtedly continue to evolve, and the integration of technology in the halal industry sector is inevitable. Therefore, education and digital literacy, especially for MSME players, are crucial steps. In the digital economy era, technology is expected to increase the competitiveness, efficiency, and market reach of MSMEs. Technology allows them to provide assurance that their products are indeed halal, in accordance with Sharia principles. (FM)

Peran LPPOM dalam Pengembangan Teknologi Halal

Pemanfaatan teknologi informasi dalam proses bisnis halal sejatinya sudah diimplementasikan oleh Lembaga Pemeriksa Halal (LPH) LPPOM sejak tahun 2012 lalu. Dengan tujuan untuk memberikan kemudahan proses pendaftaran sertifikasi halal, LPPOM meluncurkan aplikasi Ceroll SS23000 pada tahun 2012. Dengan aplikasi tersebut pelaku usaha cukup melakukan pendaftaran secara daring tanpa harus datang ke kantor dan membawa banyak berkas.

Sejalan dengan perkembangan teknologi, LPPOM meningkatkan fitur layanan Cerol SS23000 dengan beragam fitur baru yang tidak hanya semakin memudahkan proses pendaftaran sertifikasi halal, namun menambah layanan baru. Misalnya *dashboard* penjadwalan audit secara online, tampilan penggunaan yang mudah, hingga kemudahan pencarian bahan/produk halal.

Setelah sukses meluncurkan layanan Cerol SS2300, LPPOM juga mengembangkan teknologi layanan dengan MoSA (*Modified Onsite Audit*), sebuah metode audit halal jarak jauh. Metode ini terutama diterapkan saat pandemi atau situasi khusus untuk menggantikan pemeriksaan langsung di lokasi. Metode ini tetap menjamin keabsahan audit dengan standar Komite Akreditasi Nasional (KAN) dan berfokus pada pemeriksaan dokumen serta bukti fisik secara digital.

Sebelumnya, LPPOM juga memperkenalkan penggunaan QR Code Halal Resto. Layanan ini ditujukan untuk informasi, promosi dan validasi otentifikasi produk bersertifikat halal, khususnya untuk kategori restoran yang kini telah dikembangkan untuk fitur pembayaran resto halal.

Pengalaman LPPOM selama bertahun-tahun mengimplementasikan teknologi dalam layanan sertifikasi halal telah membuktikan bahwa peran teknologi informasi dalam proses bisnis halal bukan sekadar memudahkan proses pendaftaran sertifikasi halal. Teknologi merupakan *enabler*, yang membantu menciptakan transparansi, efisiensi, akuntabilitas, dan pertumbuhan pasar global bagi pelaku usaha halal Indonesia.

Di masa mendatang, seiring dengan perkembangan peradaban, inovasi teknologi tentu juga akan terus berkembang, dan integrasi teknologi di sektor industri halal tidak bisa dihindari. Oleh karena itu, edukasi dan literasi teknologi digital, khususnya bagi pelaku UMKM merupakan langkah krusial. Dengan teknologi, UMKM diharapkan dapat meningkatkan daya saing, efisiensi, dan jangkauan pasar di era ekonomi digital. Dengan teknologi pula mereka bisa memberikan jaminan kepastian bahwa produk yang dihasilkan benar-benar halal sesuai kaidah syariah. (FM)

The Role of it in the Development of Halal Msmes
Peran IT dalam Pengembangan UMKM Halal

Information technology (IT) plays a very important role in the development of halal MSMEs in Indonesia. Here are some of them:

- Increasing transparency and accountability
- Assisting consumers in verifying product halal status through credible and reliable data
- Enhancing operational and payment efficiency, reducing manual errors, and accelerating services
- Facilitating global market expansion through e-commerce
- Simplifying the halal certification process to make it more transparent.
- Accelerating branding, monitoring the halal supply chain, and enhancing global competitiveness
- Promoting the halal brand and educating consumers about the benefits of halal products
- Ensuring access to Sharia financing for capital and business development
- Increasing productivity, innovation, and professionalism of halal MSMEs in the modern economy

Teknologi informasi (TI) sangat berperan penting bagi pengembangan UMKM halal di Indonesia. Berikut beberapa diantaranya:

- Meningkatkan transparansi dan akuntabilitas.
- Membantu konsumen memverifikasi kehalalan produk.
- Meningkatkan efisiensi operasional maupun pembayaran, serta mengurangi kesalahan manual dan mempercepat layanan.
- Membantu perluasan jangkauan pasar global melalui e-commerce.
- Mempermudah proses sertifikasi halal yang lebih transparan.
- Mempercepat *branding*, melacak halal *supply chain*, serta meningkatkan daya saing global.
- Meningkatkan branding dan edukasi konsumen tentang keunggulan produk halal.
- Memudahkan akses pembiayaan syariah untuk permodalan dan pengembangan usaha.
- Meningkatkan produktivitas, inovasi, dan profesionalisme UMKM halal di era ekonomi modern.

Building Sustainable Positive Impact:
An Overview of LPPOM's Program within ESDG and SDG Frameworks

BANGUN DAMPAK POSITIF BERKELANJUTAN, INILAH PROGRAM LPPOM DALAM KERANGKA ESG DAN SDGS

LPPOM is committed to building a sustainable positive impact through various programmes that align with the principles of Environmental, Social, and Governance (ESG) and Sustainable Development Goals (SDGs). Not only focusing on strengthening the halal product assurance system, LPPOM consistently integrates the values of sustainability, social responsibility, and good governance in each of its initiatives. LPPOM's programmes are presented as a real contribution to society, the environment, and the strengthening of a competitive and sustainable national halal ecosystem.

LPPOM senantiasa berkomitmen dalam membangun dampak positif yang berkelanjutan melalui berbagai program yang selaras dengan prinsip *Environmental, Social, and Governance* (ESG) serta Tujuan Pembangunan Berkelanjutan (SDGs). Tidak hanya berfokus pada penguatan sistem jaminan produk halal, LPPOM secara konsisten mengintegrasikan nilai keberlanjutan, tanggung jawab sosial, dan tata kelola yang baik dalam setiap inisiatifnya. Melalui pendekatan kolaboratif dan inklusif, program-program LPPOM dihadirkan sebagai kontribusi nyata bagi masyarakat, lingkungan, dan penguatan ekosistem halal nasional yang berdaya saing dan berkelanjutan.

Shawwal Festival

The **Shawwal Festival** is a practical manifestation of LPPOM's commitment to supporting the government's programme to strengthen the national halal ecosystem. Through this programme, LPPOM actively facilitates the halal certification process for micro and small enterprises (MSEs) as an effort to increase the competitiveness and added value of their products. Beyond providing administrative

Festival Syawal

Festival Syawal merupakan wujud nyata komitmen LPPOM dalam mendukung program pemerintah untuk memperkuat ekosistem halal nasional. Melalui program ini, LPPOM secara aktif memfasilitasi proses sertifikasi halal bagi pelaku usaha mikro dan kecil (UMK) sebagai upaya peningkatan daya saing dan nilai tambah produk mereka. Tidak hanya sekadar pendampingan administratif, Festival Syawal juga menjadi

assistance, the Shawwal Festival also serves as an educational platform where MSE operators gain technical understanding of the halal product assurance system, including the basic requirements that must be met to obtain a valid and credible Halal Certificate.

More than just a socialization agenda, the Shawwal Festival is designed to establish strategic relationships with stakeholders—including the government, media, companies, and the community—as well as to expand its reach through mass and social media. On the other hand, the Shawwal Festival is expected to leave a meaningful mark that not only leaves an emotional impression on participants, but also sparks awareness among regulators and stakeholders to continue promoting LPPOM as a pioneer in strengthening the halal industry in Indonesia.

ruang edukatif di mana pelaku UMK mendapatkan pemahaman teknis terkait sistem jaminan produk halal, termasuk persyaratan minimal yang harus dipenuhi agar dapat memperoleh Sertifikat Halal secara sah dan kredibel.

Lebih dari sekadar agenda sosialisasi, Festival Syawal dirancang untuk membangun hubungan strategis dengan pemangku kepentingan—termasuk pemerintah, media, perusahaan, dan masyarakat—serta memperluas jangkauan melalui media massa dan sosial. Di sisi lain, Festival Syawal diharapkan menjadi jejak bermakna yang tidak hanya membekas secara emosional bagi peserta, tetapi juga menjadi pemantik kesadaran para regulator dan pemangku kepentingan untuk terus menggulirkan nama LPPOM sebagai pionir dalam penguatan industri halal di Tanah Air.

Social Donation

LPPOM has distributed several social aid funds throughout 2025. These funds were distributed as a form of community support and commitment to carrying out social responsibility. These donations are allocated to over 30 social institutions annually, spanning various regions, particularly in the area surrounding the Global Halal Center (GHC) building in Bogor. The allocation of funds is focused on activities that support religious, humanitarian, and educational aspects as an effort to promote mutual prosperity.

The aid distributed includes the construction of mosques and prayer rooms to improve worship facilities and support religious activities in the community. Furthermore, LPPOM extends aid to communities impacted by natural disasters, demonstrating a commitment to providing support for their recovery. Other programs include social assistance for the economically disadvantaged to ease their economic burden and help meet their basic needs.

Donasi Sosial

Sepanjang tahun 2025, LPPOM telah menyalurkan sejumlah dana bantuan sosial sebagai wujud kepedulian terhadap masyarakat serta komitmen dalam menjalankan tanggung jawab sosial. Donasi ini diberikan kepada lebih dari 30 lembaga sosial setiap tahunnya yang tersebar di berbagai wilayah, khususnya di lingkar satu Gedung Global Halal Center (GHC) Bogor. Alokasi dana difokuskan pada kegiatan yang mendukung aspek keagamaan, kemanusiaan, dan edukasi sebagai upaya mendorong kesejahteraan bersama.

Bantuan yang disalurkan mencakup pembangunan masjid dan mushola untuk meningkatkan sarana ibadah serta mendukung kegiatan keagamaan di tengah masyarakat. Selain itu, LPPOM turut memberikan bantuan kepada masyarakat terdampak bencana alam sebagai bentuk kepedulian dan dukungan pemulihan. Program lainnya meliputi bantuan sosial bagi kaum dhuafa guna meringankan beban ekonomi dan membantu pemenuhan kebutuhan dasar mereka.

Halal Certification Facilitation Cooperation for SMEs

As part of its commitment to supporting halal-based economic growth in Indonesia, LPPOM collaborates with various stakeholders to facilitate halal certification. This collaboration involves banking sector, government agencies, state-owned enterprises, and private entities at the national, provincial, and district/city levels. The program is designed to ensure that Micro and Small Enterprises (MSEs) have easier access to halal certification, thereby enhancing the competitiveness of their products in both domestic and global markets.

This collaboration not only provides a solution for businesses to comply with halal regulations but also helps create higher-quality and more trustworthy products in the eyes of consumers. With support from various parties, this program is expected to continue growing and have a broad positive impact on Indonesia's halal ecosystem.

Kerjasama Fasilitasi Sertifikasi Halal UMK

Sebagai bagian dari komitmen untuk mendukung pertumbuhan ekonomi berbasis halal di Indonesia, LPPOM aktif menjalin kerjasama fasilitasi sertifikasi halal dengan berbagai pemangku kepentingan. Kolaborasi ini melibatkan perbankan, instansi pemerintah, BUMN, serta pihak swasta di tingkat nasional, provinsi, hingga kabupaten/kota. Program ini dirancang untuk memastikan pelaku Usaha Mikro dan Kecil (UMK) mendapatkan akses yang lebih mudah dalam memperoleh sertifikasi halal, sehingga dapat meningkatkan daya saing produk mereka di pasar domestik maupun global.

Kolaborasi ini tidak hanya menjadi solusi bagi pelaku usaha untuk memenuhi regulasi halal, tetapi juga membantu menciptakan produk yang lebih berkualitas dan terpercaya di mata konsumen. Dengan adanya dukungan dari berbagai pihak, program ini diharapkan dapat terus berkembang dan memberikan dampak positif yang luas bagi ekosistem halal di Indonesia.

Environmental Management

In line with its commitment to environmental sustainability, LPPOM integrates environmentally friendly practices into its daily operations through a waste-sorting programme involving all elements of the institution. Waste from operational activities is systematically sorted by type, such as plastic bottles and cardboard, and then distributed to waste management partners that focus on sustainable processing and recycling. This initiative is an integral part of LPPOM's real contribution to supporting circular economy practices and mitigating the impacts of climate change.

In addition to waste management, LPPOM runs electricity and water efficiency programmes as part of its green operational culture. Efforts to save electricity are carried out through the optimization of the use of lighting and electronic devices, while water conservation is achieved through the control of operational water use and internal campaigns to raise awareness of water conservation in the work environment.

LPPOM regularly records and evaluates electricity and water usage as part of its sustainability performance measurement. Energy and water usage data is used to inform decision-making regarding efficiency programmes, and it serves as a form of transparency in LPPOM's environmental performance. This commitment to transparency will continue to be strengthened in line with the institution's dedication to sustainable development.

Pengelolaan Lingkungan

Sebagai wujud komitmen terhadap keberlanjutan lingkungan, LPPOM mengintegrasikan praktik ramah lingkungan dalam operasional sehari-hari melalui program pemilahan sampah yang melibatkan seluruh elemen lembaga. Sampah dari aktivitas operasional dipilah secara sistematis berdasarkan jenisnya, seperti botol plastik dan kardus, kemudian disalurkan kepada mitra pengelola limbah yang berfokus pada pengolahan dan daur ulang berkelanjutan. Inisiatif ini menjadi bagian dari kontribusi nyata LPPOM dalam mendukung praktik ekonomi sirkular serta mitigasi dampak perubahan iklim.

Selain pengelolaan sampah, LPPOM juga menjalankan program efisiensi penggunaan listrik dan air sebagai bagian dari budaya operasional hijau. Upaya hemat listrik dilakukan melalui optimalisasi penggunaan pencahayaan dan perangkat elektronik secara bijak, sementara penghematan air dilakukan melalui pengendalian penggunaan air operasional serta kampanye internal kesadaran hemat air di lingkungan kerja.

LPPOM secara rutin melakukan pencatatan dan evaluasi penggunaan listrik dan air sebagai bagian dari pengukuran kinerja keberlanjutan. Data penggunaan energi dan air dimanfaatkan sebagai dasar pengambilan keputusan program efisiensi sekaligus wujud transparansi kinerja lingkungan LPPOM, yang akan terus diperkuat sejalan dengan komitmen lembaga terhadap pembangunan berkelanjutan.

Inclusive Services and Facilities

As part of its commitment to social sustainability, LPPOM continues to build an inclusive work environment and services for all parties, including people with disabilities and gender equality. This understanding stems from a simple reflection—trying to empathize by using a wheelchair or cane, and communicating without voice. This reflection led us to realize that equal access is not only about large infrastructure, but also attention to details such as clear access paths, informative signs, and service spaces that are friendly to all.

This commitment is realized through the provision of disability facilities at the LPPOM Global Halal Center (GHC) building, ranging from ramps, wheelchair access, disability-friendly signs, handrails at strategic points, to sign language training for frontline officers. LPPOM believes that inclusivity is not just about meeting standards, but ensuring that every individual receives equal service in the halal certification process.

In accordance with the principle of gender equality, LPPOM has established a designated Breastfeeding Room and implements policies that align with regulations supporting women's equality, including maternity leave, menstrual leave, and leave for fathers accompanying childbirth. LPPOM's policies are designed to foster a safe, supportive, and equitable work environment.

Layanan dan Fasilitas Inklusif

Sebagai bagian dari komitmen terhadap keberlanjutan sosial, LPPOM terus membangun lingkungan kerja dan layanan yang inklusif bagi semua pihak, termasuk penyandang disabilitas dan penguatan kesetaraan gender. Pemahaman ini tumbuh dari refleksi sederhana—mencoba menggunakan kursi roda, tongkat, serta berkomunikasi tanpa suara—yang menyadarkan bahwa akses setara bukan hanya soal infrastruktur besar, tetapi juga perhatian pada detail seperti jalur akses yang jelas, rambu informatif, dan ruang layanan yang ramah bagi semua.

Komitmen tersebut diwujudkan melalui penyediaan fasilitas disabilitas di Gedung Global Halal Centre (GHC) LPPOM, mulai dari jalur landai, akses kursi roda, rambu ramah disabilitas, pegangan tangan di titik strategis, hingga pelatihan bahasa isyarat bagi petugas lini depan. LPPOM meyakini inklusivitas bukan sekadar memenuhi standar, tetapi memastikan setiap individu memperoleh layanan yang setara dalam proses sertifikasi halal.

Sejalan dengan prinsip kesetaraan gender, LPPOM juga menyediakan Ruang Ibu Menyusui serta menerapkan kebijakan yang selaras dengan regulasi yang mendukung kesetaraan perempuan, seperti cuti melahirkan, cuti menstruasi, dan cuti bagi ayah yang mendampingi persalinan. Melalui kebijakan ini, LPPOM berkomitmen menciptakan lingkungan kerja yang aman, suportif, dan berkeadilan.

LPPOM MUI Laboratory Profile

PROFIL LABORATORIUM LPPOM MUI

Trusted Partner in Product Quality Testing, Training, and Consulting

Mitra Kepercayaan dalam Pengujian, Pelatihan, dan Konsultasi Mutu Produk

In the industrial sector, ensuring that products are safe, high-quality, and meet standards is a complex task. Manufacturers frequently encounter challenges in meeting regulatory requirements and evolving market expectations.

When products fail to meet standards, the consequences can be serious — consumer confidence declines, products are withdrawn from the market, and the company's reputation is damaged. In fact, opportunities to obtain halal or vegan certification may be lost due to a lack of scientific evidence to support claims about product quality and safety.

Dalam dunia industri, memastikan produk aman, berkualitas, dan sesuai standar bukanlah hal mudah. Produsen sering menghadapi tantangan dalam memenuhi persyaratan regulasi dan ekspektasi pasar yang terus berkembang.

Ketika produk gagal memenuhi standar, dampaknya bisa serius — kepercayaan konsumen menurun, produk ditarik dari pasaran, hingga reputasi perusahaan terganggu. Bahkan, peluang mendapatkan sertifikasi halal atau vegan bisa hilang karena kurangnya bukti ilmiah terhadap klaim mutu dan keamanan produk.

LPPOM MUI Laboratory is a trusted solution for ensuring that every product you produce is safe, high-quality, and compliant with global standards.

Our company is accredited by the National Accreditation Committee (KAN) and implements SNI ISO/IEC 17025:2017, ensuring the highest standards in our testing services. We offer comprehensive testing for halal, vegan, product contamination, and quality and safety claims in various industries. Our company's product lines include Food & Beverages, Cosmetics, HORECA, Pharmaceuticals, and Packaging.

LPPOM MUI leverages its extensive experience and expertise to assist businesses in fostering consumer trust and strengthening their brand presence in both domestic and international markets.

Laboratorium LPPOM MUI hadir sebagai solusi terpercaya untuk memastikan setiap produk Anda aman, berkualitas, dan sesuai standar global.

Terakreditasi oleh Komite Akreditasi Nasional (KAN) sejak 2016 dan menerapkan SNI ISO/IEC 17025:2017, kami menyediakan layanan pengujian untuk halal, vegan, cemaran produk, serta klaim mutu dan keamanan di berbagai industri: Makanan & Minuman, Kosmetik, HORECA, Farmasi, dan Kemasan.

Dengan pengalaman dan keahlian kami, LPPOM MUI membantu Anda membangun kepercayaan konsumen dan memperkuat posisi merek di pasar nasional maupun internasional.

Modern Technology, High Accuracy

Teknologi Modern, Akurasi Tinggi

For competent testing services, the LPPOM Laboratory is equipped with Chemistry, Microbiology, and Molecular Laboratory facilities supported by advanced technology. We are ready to support your testing needs with our reliable Research and Development team.

Untuk pelayanan pengujian yang mumpuni, Laboratorium LPPOM memiliki fasilitas Laboratorium Kimia, Laboratorium Mikrobiologi, dan juga Laboratorium Molekuler yang didukung dengan fasilitas teknologi canggih. Kami siap mendukung kebutuhan pengujian Anda, dengan tim Research and Development yang handal.

Laboratorium Molekuler Molecular Laboratory	*Real-Time* PCR, ELISA, and other supporting instruments
Laboratorium Mikrobiologi Microbiology Laboratory	Automatic Colony Counter, Light Microscope, Complete supporting facilities
Laboratorium Kimia Chemical Laboratory	▪ GC-FID, GC-MS, GC-MS/MS ▪ UPLC UV-Vis, HPLC PDA, HPLC RID, LC-MS/MS ▪ ICP-OES, ICP-MS ▪ Spectrophotometer ▪ LC-MS/MS ▪ Other supporting instruments

Comprehensive Services for Various Industries

Layanan Lengkap untuk Beragam Industri

From quality and safety testing to vegan and halal claims, the LPPOM Laboratory is ready to assist various types of industries and businesses with laboratory testing.

Mulai dari pengujian kualitas dan keamanan, hingga klaim vegan dan halal, Laboratorium LPPOM siap membantu berbagai jenis Industri dan Usaha dalam pengujian Laboratorium.

Training and Consultancy by LPPOM Lab: Building Expertise and Sustainability

Pelatihan dan Konsultansi oleh Lab LPPOM: Membangun Keahlian dan Keberlanjutan

The LPPOM MUI Laboratory recognizes that in the industrial and institutional sectors, personnel competence and compliance with standards are crucial for achieving sustainable success.

Therefore, we are not only a trusted testing laboratory, but also a partner in skills development through various training and consultation programmes designed to strengthen the capabilities of industries and institutions in creating competent, skilled, and regulation-compliant human resources.

Laboratorium LPPOM MUI memahami bahwa dalam dunia industri dan instansi, kompetensi personel dan kepatuhan terhadap standar merupakan kunci untuk mencapai keberhasilan yang berkelanjutan.

Karena itu, Laboratorium LPPOM MUI tidak hanya hadir sebagai laboratorium pengujian terpercaya, tetapi juga sebagai mitra pengembangan keahlian melalui berbagai program pelatihan dan konsultasi yang dirancang untuk memperkuat kemampuan industri dan instansi dalam menciptakan sumber daya manusia yang kompeten, terampil, dan patuh terhadap regulasi.

Our training programmes cover a variety of important topics, including:

1. ISO 17025:2017
2. Good Laboratory Testing
3. HACCP
4. Analytical & Validation Method
5. Laboratory Instruments
6. Calibration
7. Hygiene Sanitation Sampling
8. Measurement Uncertainty
9. Halal Testing
10. In-House Training for QC & RnD Partnership

Program pelatihan kami mencakup beragam topik penting, antara lain:

1. ISO 17025:2017
2. Good Laboratory Testing
3. HACCP
4. Analytical & Validation Method

Furthermore, we also provide Lab Insight by LPPOM MUI Laboratory, a free webinar and education programme that offers in-depth insights into testing, standardization, and competency development in the laboratory field. Further information can be access in lablppom.com.

Selain itu, kami juga menghadirkan Lab Insight by Laboratorium LPPOM MUI, yaitu program webinar dan edukasi gratis yang memberikan wawasan mendalam tentang pengujian, standardisasi, serta pengembangan kompetensi di bidang laboratorium. Informasi lebih lanjut dapat diakses di website lablppom.com.

Building Trust Through Collaboration

Pelatihan dan Konsultansi oleh Lab LPPOM: Membangun Keahlian dan Keberlanjutan

As a trusted testing laboratory, LPPOM MUI Laboratory collaborates with various associations, standardization bodies, and professional communities to ensure continuous improvement in the quality of testing services and product safety.

LPPOM MUI Laboratory is a member of various national and international organizations, including:

- AOAC International – Southeast Asia Section
  Participates in the development and harmonisation of international testing methods.
- National Standardisation Agency (BSN)
  Involved in the Technical Committee for testing methods in the fields of food, biotechnology, and cosmetics.
- Indonesian Food and Drug Authority (JLKI & JLPOBA)
  Supports national synergy in laboratory quality control.
- Indonesian Halal Laboratory Network
  Working together to build a reliable and standardized halal testing system.
- Perkosmi, Gapmmi, APKEPI, Patpi, IQI and the Indonesian Food Thermal Process Forum Collaborating in education, research, and the development of testing methods to ensure product quality and safety in various industrial sectors.

Through this collaboration, the LPPOM MUI Laboratory is committed to continuously improving technical excellence, strengthening professional networks, and providing accurate, credible testing services that meet global standards.

Sebagai laboratorium pengujian terpercaya, Lab LPPOM MUI secara aktif berkolaborasi dengan berbagai asosiasi, lembaga standar, dan komunitas profesional untuk memastikan peningkatan berkelanjutan terhadap kualitas layanan pengujian dan keamanan produk.

Lab LPPOM MUI merupakan anggota dari berbagai organisasi nasional dan internasional, di antaranya:

- AOAC International – Southeast Asia Section
  Berpartisipasi dalam pengembangan dan harmonisasi metode pengujian internasional.
- Badan Standardisasi Nasional (BSN)
  Terlibat dalam Technical Committee untuk metode uji bidang pangan, bioteknologi, dan kosmetik.
- Badan POM RI (JLKI & JLPOBA)
  Mendukung sinergi nasional dalam pengawasan mutu laboratorium.
- Indonesian Halal Laboratory Network
  Bersama-sama membangun sistem pengujian halal yang andal dan terstandardisasi.
- Perkosmi, Gapmmi, APKEPI, Patpi, IQI dan Forum Proses Termal Pangan Indonesia Berkolaborasi dalam edukasi, riset, dan pengembangan metode uji untuk menjamin mutu dan keamanan produk di berbagai sektor industri.

Melalui kolaborasi ini, Lab LPPOM MUI berkomitmen untuk terus meningkatkan keunggulan teknis, memperkuat jaringan profesional, dan menghadirkan layanan pengujian yang akurat, kredibel, serta sesuai standar global.

Opening Highlight Event

Highlight of Opening Event

As part of its commitment to continuously improve service quality and industry trust, the LPPOM MUI Laboratory actively participates in various national and international activities and forums.

This collaboration will be realized throughout 2025 through a variety of important events with associations, institutions, and scientific communities — ranging from joint research activities and technical training to forums on the development of laboratory testing standards.

Each collaboration represents a tangible step in strengthening the role of the LPPOM MUI Laboratory as a strategic partner for the industry in creating high-quality, safe, and regulation-compliant products.

Sebagai bagian dari komitmen untuk terus meningkatkan kualitas layanan dan kepercayaan industri, Lab LPPOM MUI secara aktif berpartisipasi dalam berbagai kegiatan dan forum nasional maupun internasional.

Sepanjang tahun 2025, kolaborasi ini diwujudkan melalui beragam event penting bersama asosiasi, lembaga, dan komunitas ilmiah — mulai dari kegiatan riset bersama, pelatihan teknis, hingga forum pengembangan standar pengujian laboratorium.

Setiap kolaborasi menjadi langkah nyata dalam memperkuat peran Lab LPPOM MUI sebagai mitra strategis bagi industri dalam menciptakan produk yang bermutu, aman, dan sesuai regulasi.

Highlight of Event AOAC Annual Meeting

LPPOM MUI Laboratory is representing Indonesia at the 139th Annual Meeting of AOAC International in 2025.

The LPPOM MUI Laboratory is the only Indonesian representative at the prestigious 139th Annual Meeting of AOAC International 2025, a global gathering of laboratory researchers and practitioners from around the world.

The six-day event was attended by representatives from various regions, including Asia and the Middle East (Indonesia, Thailand, India, Japan, China, Korea, Saudi Arabia, Egypt), Europe (France, Italy), and the Americas (Canada, United States, Mexico, Colombia).

LPPOM participation in this event included the sharing of knowledge and innovations related to quality, product safety, and the development of sustainable and environmentally friendly laboratory testing methods.

This presence demonstrates LPPOM commitment to maintaining global quality standards and strengthening Indonesia's position in the international scientific arena.

Laboratorium LPPOM MUI Mewakili Indonesia di 139th Annual Meeting AOAC International 2025

Laboratorium LPPOM MUI menjadi satu-satunya perwakilan Indonesia pada ajang bergengsi 139th Annual Meeting AOAC International 2025 — pertemuan global yang mempertemukan para peneliti dan praktisi laboratorium dari seluruh dunia.

Acara yang berlangsung selama enam hari ini dihadiri oleh perwakilan dari berbagai kawasan, termasuk Asia dan Timur Tengah (Indonesia, Thailand, India, Jepang, Cina, Korea, Arab Saudi, Mesir), Eropa (Prancis, Italia), serta Amerika (Kanada, Amerika Serikat, Meksiko, Kolombia).

Melalui kegiatan ini, LPPOM turut berpartisipasi dalam berbagi pengetahuan dan inovasi terkait kualitas, keamanan produk, dan pengembangan metode uji laboratorium yang berkelanjutan dan ramah lingkungan.

Kehadiran ini menjadi bukti komitmen LPPOM dalam menjaga standar mutu global serta memperkuat posisi Indonesia di kancah ilmiah internasional.

Highlight of Event AOAC SEA

AOAC SEA 4th Annual Conference 2025

Held in Bangkok, Thailand on 28–30 October 2025, the AOAC SEA Conference is an important event for laboratories across Southeast Asia.

Experts from various countries will discuss current topics:

- PFAS & mycotoxins
- Pesticides & cross-border food safety
- Halal testing standardisation

LPPOM MUI Laboratory will be one of the keynote speakers, carrying out its important mission of moving towards global harmonisation of halal testing.

Laboratorium LPPOM MUI menjadi salah satu pembicara utama, membawa misi besar, yaitu: menuju harmonisasi pengujian halal di level global.

Participation in Cosmobeaute 2025

The LPPOM MUI Laboratory, together with the Indonesian Contract Manufacturing Cosmetics Association (AKKMI), successfully held a seminar at Cosmobeaute 2025, with the theme: "From Local Actives to Global Market: Ensuring Cosmetic Innovation with Halal, Vegan, and Safety Compliance"

The concepts of Halal, Vegan, and Safety Compliance are an important part of today's cosmetic innovations. The application of these three aspects is not merely to comply with regulations, but also to build consumer trust in brands that care about ethics and safety.

Sustainable cosmetic innovations are born from a commitment to science, transparency, ethics, and consumer values.

"Better beauty begins with conscious formulation"

Laboratorium LPPOM MUI Bersama dengan Asosiasi Kosmetik Kontrak Manufaktur Indonesia (AKKMI) sukses menyelenggarakan seminar di Cosmobeaute 2025, dengan mengangkat tema: "*From Local Actives to Global Market: Ensuring Cosmetic Innovation with Halal, Vegan, and Safety Compliance*"

Konsep Halal, Vegan, dan *Safety Compliance* menjadi bagian penting dari inovasi kosmetik masa kini. Penerapan ketiga aspek ini bukan sekadar memenuhi regulasi, tapi juga membangun kepercayaan konsumen terhadap brand yang peduli pada etika dan keselamatan.

Inovasi kosmetik yang berkelanjutan lahir dari komitmen pada sains, transparansi, etis dan sesuai dengan nilai konsumen.

"*Better beauty begins with conscious formulation*"

Highlight of QAQC Summit 2025 Seminar

As a part of its commitment in supporting the implementation of Mandatory Halal (Wajib Halal) 2026, the LPPOM MUI Laboratory participated in the QAQC Summit 2025, which is a national forum and exhibition with the theme "Ensuring Quality and Safety: Bridging Global Standards with Regulatory Compliance in Indonesia."

This event was held on 25 October 2025 at the Grand Ballroom of Gedung Startup Center (GDC) STP IPB University, Bogor City, and was attended by various practitioners, academics, and industry players from the pharmaceutical, cosmetics, and consumer goods sectors.

During this event, Dr. Priyo Wahyudi, M.Si, as the Expert of Laboratory Services – LPPOM MUI Laboratory, presented a session titled "*Menyongsong Wajib Halal 2026: Strategi Bisnis di Sektor Obat, Kosmetik, dan Barang Gunaan* (Preparing for the Mandatory Halal 2026: Business Strategies in the Pharmaceutical, Cosmetics, and Consumer Goods Sectors)"

Through this session, the LPPOM MUI Laboratory reaffirmed its role as a strategic partner for the industry in addressing halal regulations and ensuring product quality and safety in accordance with global standards.

Sebagai bagian dari komitmen dalam mendukung penerapan Wajib Halal 2026, Laboratorium LPPOM MUI turut berpartisipasi dalam QAQC Summit 2025, yang merupakan sebuah forum dan pameran nasional bertema "*Ensuring Quality and Safety: Bridging Global Standards with Regulatory Compliance in Indonesia*."

Acara ini diselenggarakan pada 25 Oktober 2025 di Grand Ballroom Gedung Startup Center (GDC) STP IPB University, Kota Bogor, dan dihadiri oleh berbagai praktisi, akademisi, dan pelaku industri dari sektor obat, kosmetik, serta barang gunaan.

Dalam kesempatan ini, Dr. Priyo Wahyudi, M.Si, selaku Expert of Laboratory Services – Laboratorium LPPOM MUI, membawakan materi bertajuk "*Menyongsong Wajib Halal 2026: Strategi Bisnis di Sektor Obat, Kosmetik, dan Barang Gunaan*."

Melalui sesi ini, Laboratorium LPPOM MUI mempertegas perannya sebagai mitra strategis bagi industri dalam menghadapi regulasi halal dan memastikan kualitas serta keamanan produk sesuai standar global.

LPPOM is Indonesia's first Halal Inspection Agency (LPH) to have excellent halal field capabilities. Formulating halal standards is not a simple matter; it takes a long time. I hope that with its experience, LPPOM will continue to play an important role. LPPOM's reputation is not only domestic but also abroad. LPPOM has provided a lot of guidance and assistance to halal institutions abroad. This can be a provision for LPPOM to develop its service network in various countries.

LPPOM merupakan Lembaga Pemeriksa Halal (LPH) pertama di Indonesia yang memiliki kemampuan yang sangat baik di bidang halal. Perumusan standar halal bukan hal sederhana, butuh waktu yang tidak sebentar. Saya berharap dengan pengalamannya, LPPOM tetap memegang peran penting. Adapun reputasi LPPOM tidak hanya di dalam negeri, tapi juga di luar negeri. LPPOM telah banyak memberikan bimbingan dan asistensi terhadap lembaga-lembaga halal di luar negeri. Semoga ini bisa menjadi bekal bagi LPPOM untuk mengembangkan jaringan pelayanannya di berbagai negara.

We work together with LPPOM, who supervises, controls, and provides input as our main partner. LPPOM has members (human resources) qualified to check a product's halalness. We control from above through the results of the reports presented. I hope that this good cooperation will promote Indonesia to the international world. Halal Indonesia for the world community.

Kami bekerja sama dengan LPPOM yang mengawasi, mengontrol, memberikan masukan sebagai mitra utama kami. LPPOM memiliki anggota (sumber daya manusia) yang mumpuni untuk memeriksa kehalalan sebuah produk. Kami mengontrol dari atas melalui hasil laporan yang tersaji. Saya harap, kerja sama yang baik ini mampu mempromosikan Indonesia ke dunia internasional. Halal Indonesia untuk masyarakat dunia.

Hanny Wijaya
President of the Indonesian Flavor and
Fragrance Association (AFFI)
President Asosiasi Falvour and Fragrance Indonesia (AFFI)

We would like to express our deepest gratitude for the excellent cooperation between AFFI and LPPOM. Throughout this time, LPPOM has demonstrated its ability to address the specific challenges encountered by practitioners in the flavor and fragrance industry. Their commitment is evident in consistently offering optimal solutions to issues related to halal certification.

Kami menyampaikan ucapan terima kasih yang sebesar-besarnya atas kerjasama yang sangat baik antara AFFI dan LPPOM. Selama ini, LPPOM telah mampu mengakomodasikan berbagai kesulitan yang dihadapi pelaku industri *flavour* dan *fragrance*, khususnya. Juga berupa sebaik mungkin dalam memberikan solusi bagi permasalahan terkait dengan sertifikasi halal.

Decky Yao
Chairman of Indonesian Health Supplements Entrepreneurs Association (APSKI)
Ketua Umum Asosiasi Pengusaha Suplemen Kesehatan Indonesia (APSKI)

Many of our members from APSKI (Asosiasi Pengusaha Suplemen Kesehatan Indonesia) have experienced good and smooth services in terms of inspection and guidance during the halal certification process from LPPOM. LPPOM has decades of experience and is an expert in their field. We hope that LPPOM will continue to improve the quality of service and performance with APSKI in the years to come.

Banyak anggota kami dari APSKI (Asosiasi Pengusaha Suplemen Kesehatan Indonesia) telah merasakan pelayanan yang baik dan lancar dalam hal pemeriksaan dan bimbingan selama proses sertifikasi halal dari LPPOM. Dikarenakan LPPOM telah beperngalaman puluhan tahun dan ahli dalam hal ini. Harapan kami semoga LPPOM semakin meningkatkan mutu pelayanan dan kinerja di masa depan bersama APSKI.

Sancoyo Antarikso
Chairman of Indonesia Cosmetic Association (PERKOSMI)
Ketua Umum Persatuan Perusahaan Kosmetika Indonesia (PERKOSMI)

Congratulations on the publication of the LPPOM Halal Directory 2025. PERKOSMI and LPPOM have been working together for a long time, as LPPOM is the oldest and largest LPH network, both domestically and internationally. We hope that LPPOM can continue to provide quality services, high-quality services, fast services, and, of course, at competitive costs. We hope that together, we can continue to support the growth of Indonesia's cosmetics industry.

Selamat atas terbitnya LPPOM Halal Direktori 2025. PERKOSMI dan LPPOM telah bekerja sama sejak lama, mengingat LPPOM adalah LPH tertua dan terbesar jaringannya baik dalam negeri maupun di luar negeri. Kami berharap, LPPOM dapat terus memberikan layanan yang bermutu, layanan yang berkualitas, layanan yang cepat dan tentu saja dengan biaya yang kompetitif. Semoga kita dapat bersama-sama terus membantu tumbuhnya industri kosmetik Indonesia dengan baik.

Adhi S. Lukman
Chairman of the Indonesian Food and Beverage Association (GAPMMI)
Ketua Umum Gabungan Pengusaha Makanan dan Minumam Seluruh Indonesia (GAPMMI)

LPPOM is one of Indonesia's strong Halal Inspection Agency that continues to provide services to members of the food and beverage industry to become Halal certified. Hopefully, LPPOM will continue to increase innovation in services and continue to work for the success of Halal Indonesia in the future.

Saat ini LPPOM menjadi salah satu Lembaga Pemeriksa Halal yang tangguh di Indonesia yang senantiasa memberikan layanan kepada para anggota industri makanan minuman untuk bersertifikat halal. Semoga LPPOM terus meningkatkan inovasi dalam pelayanan dan terus berkarya untuk mensukseskan halal Indonesia ke depan.

There is no LPPOM, and I don't know where to go. We communicate with LPPOM almost every day, especially through halal partners. Communication is established very well, and several questions regarding issues can be answered with solutions. I am sure that LPPOM will still be the best Halal Inspection Agency in the future.

kalau tidak ada LPPOM, saya tidak tahu harus ke mana. Hampir setiap hari kita berkomunikasi dengan LPPOM, terutama melalui *halal partner*. Komunikasi terjalin sangat baik dan beberapa pertanyaan dari isu-isu dapat terjawab dengan sangat solutif. Saya yakin kedepannya LPPOM masih menjadi yang terbaik sebagai Lembaga Pemeriksa Halal.

It is extraordinary that LPPOM services helped us during the certification audit process. The work of the auditor team is also very helpful, and the Halal Partner team is also very informative in answering questions. LPPOM can help us in all certification processes for new registrations and our new brand later. Always success, LPPOM!

Sangat luar biasa terhadap layanan LPPOM yang selama ini sudah membantu kami selama proses audit sertifikasi. Kerja dari tim auditornya juga sangat membantu, tim *halal partner*-nya juga sangat informatif sekali dalam menjawab pertanyaan. Semoga LPPOM dapat membantu kami dalam semua proses sertifikasi untuk pendaftaran baru serta *brand* baru kami nantinya. Sukses selalu LPPOM!

Stakeholders in The Halal Sector

Para Pemangku Kepentingan di Bidang Halal

Substantively, ensuring the halal status of products within society is a collective responsibility that involves various stakeholders, including the government, business actors, academics, and the broader community.

Since the Halal Product Assurance Law (UUJPH) 's implementation of halal assurance has been handled by an institution under the Ministry of Religion, namely the Halal Product Assurance Organizing Body (BPJPH). As the name implies, this agency is responsible for implementing halal assurance, which includes regulation, policy, guidance, and supervision of the issuance of halal certificates.

However, in its implementation, BPJPH certainly needs help functioning independently. Some other institutions and agencies are stakeholders in the halal sector are.

Secara substantif, kehalalan produk yang beredar di masyarakat merupakan tanggung jawab semua pihak: pemerintah, pelaku usaha, akademisi, dan masyarakat luas.

Sejak diberlakukannya Undang-Undang Jaminan Produk Halal (UUJPH), penyelenggaraan jaminan halal ditangani oleh lembaga di bawah Kementerian Agama, yakni Penyelenggara Jaminan Produk Halal (BPJPH). Sesuai namanya, lembaga ini bertanggung atas penyelenggaraan jaminan halal yang meliputi regulasi, kebijakan, pembinaan, pengawasan hingga penerbitan sertifikat halal.

Namun dalam pelaksanaannya, BPJPH tentu tidak bisa berjalan sendiri. Ada lembaga dan instansi lain yang turut berperan sebagai pemangku kepentingan di bidang halal.
